Eisenhower Signs Public Housing Bill

Praises Measure As 'Major Advance' Toward U.S. Needs

WASHINGTON (AP) — President Eisenhower signed the compromise housing bill into law today and praised it as "a major advance toward meeting America's housing needs."

The President made no mention at the signing ceremony of Congress' sharp cut in the public housing provisions he had recommended, but he did say in a prepared statement:

"We shall need to continue our public housing program until the needs can be met by private industry. Also, the executive should have broader authority to adjust the terms on home loans to changing economic conditions."

Mason Sworn In

Immediately after the signing, Eisenhower stood beside Norman P. Mason as Mason was sworn in as commissioner of the Federal Housing Administration. Mason has been acting commissioner.

About a dozen members of Congress and housing officials—including Sen. Capehart (R-Ind), sponsor of the housing bill, and House Speaker Martin (R-Mass)—attended the signing and swearing in ceremony in the President's office.

The Senate completed congressional action on the bill last Wednesday night with a 59-21 roll call vote. The House had passed it 358-30 July 20.

The measure generally is designed to make it easier to buy homes and to modernize them. Sen. Capehart (R-Ind), Banking Committee chairman who handled the legislation in the Senate, estimates it should boost home building by 10 to 20 per cent.

Ronald J. Chinnock, president of the National Assn. of Real Estate Boards, said in a prepared statement the bill "will put home ownership within reach of many thousands of families that have not been able to own their homes in the past."

Asked 140,000 Units

The one section of the measure differing notably from Eisenhower's request is the provision for 35,000 public housing units this fiscal year — provided this type of building is devoted only to families actually displaced by federal slum clearance work.

The President had asked authority for 140,000 units over the next four years, without this restric-

ARREST PHENIX CITY MAYOR. Mayor Elmer Reece (right) of crime ridden Phenix City, Ala., under guard and being booked in the jail he once controlled, listens glumly while acting police chief Col. Jack Warren of the National Guard reads the charges against him. Accused on three counts of willful neglect of duty, Reece spent the morning in jail before being released on $3,000 bond. Phenix City was put under martial law recently in an all-out effort to rid the town of vice.

McCarthy Case

Committee Study Of Censure Asked

WASHINGTON (AP) — Sen. Knowland (R-Calif) today formally asked the Senate to send the resolution to censure Sen. McCarthy (R-Wis) and all amendments to the resolution, to a special committee of three Republicans and three Democrats.

Knowland acted after a clash between himself and Sen. Morse (Ind-Ore).

He had charged that Morse once revealed part of a "top secret" document in a political speech.

Morse, springing up in rebuttal, said Knowland was referring to a speech Morse made at Minneapolis during the 1952 election campaign.

Had Been Declassified

And, Morse declared, the then President Truman had declassified the document and made it available for use in the speech.

In tones of astonishment, Knowland said "I am deeply shocked by the revelation" from Morse.

Knowland, in bringing up the matter, noted that Morse backs censure of McCarthy on grounds, among other reasons, that McCarthy had asked federal employes to hand over to him any information they might have on subversive activity within the government, even if it involved giving him secret information.

The Knowland-Morse clash came as the Senate pushed along on its third day of debate on the resolution by Sen. Flanders (R-Vt) to censure McCarthy.

McCarthy, outwardly confident of victory, was calling for an early showdown.

And some of his critics were conceding they saw little chance of putting over the censure move. There was talk of some move to head off outright defeat.

Suggests Committee

Sen. McClellan (D-Ark), saying he was not passing judgment on the question of censure, suggested creation of a special Senate committee to draft formal charges against McCarthy with the aim of a vote before Congress adjourns.

Highway Crash Takes 2 Lives Near Richwood

A car-truck collision at the intersection of State Routes 47 and 31 in Summersville this morning claimed the lives of an elderly Dayton couple.

Dead were Joseph and Eleanor Dormayer of 634 Irving Ave. in Dayton. Mr. Dormayer was dead when state highway patrolmen from the Delaware post arrived at the scene of the accident.

Mrs. Dormayer was taken to the hospital in Marysville where she died about an hour after the mishap.

Dormayer was 74. His wife, who had no identification on her person, was about 65.

The man died from a crushed chest and amputated right leg. The woman suffered a crushed chest, fractured hip, and fractured right arm.

The body of the man was taken to the Winter-Milligan Funeral Home in Richwood.

Patrolmen at Delaware received the first report of the accident at 10:32 a.m. They said the accident happened at 10:15 a.m.

Atomic Bill Compromise Work Begins

Conferees To Iron Out Major Differences in Senate, House Version

WASHINGTON (AP)—Senate and House members start hammering out a compromise version of President Eisenhower's new atomic energy program today, and their efforts may have much to do with how soon Congress adjourns.

The conferees arranged to meet behind closed doors to tackle the task of resolving three major differences, and many more minor ones, in the Senate and House versions of a bill designed to open the atomic power field to private industry and to authorize a limited exchange of nuclear information with this nation's allies.

Back to Congress

The product of their deliberations then will go back to the two houses for final passage, and Democratic supporters of some features the administration has opposed have promised a new round of lengthy Senate debate if their amendments are jettisoned.

The House is virtually finished with the work leaders have laid out for it, except to act on such things as conference reports on the atomic and other bills.

But the Senate, currently debating a move by Sen. Flanders (R-Vt) aimed at the censure of Sen. McCarthy (R-Wis), still has ahead of it bills on at least four major issues.

Temporarily sidetracked by the Flanders move was a bill to authorize the foreign aid program for the current year. The Senate also must act on a separate foreign aid appropriations measure.

Will Call Up Farm Bill

After the first of these has been disposed of, Senate GOP Leader Knowland of California says he will call up the controversial farm bill, expected to touch off days of debate between supporters of rigid price supports and backers of the administration plan for flexible props.

Knowland says he will then calendar three bills recommended by Atty. Gen. Brownell as part of his antisubversive program.

Another major part of Eisenhower's program on which the Senate has not acted would broaden the social security program and raise benefits. The Senate may also be asked to pass on a proposal to hike the national debt ceiling.

Man Shot in Raid On Moonshine Still

COLUMBUS, Ohio (AP)—One man was wounded and two others jailed yesterday after deputy sheriffs raided what they called a 50-gallon "moonshine" whisky still between Darbydale and Harrisburg in Franklin County.

Deputies said John Holcomb, 59, of Columbus was felled by shotgun pellets as he tried to leave the site of the still. He is in Mt. Carmel Hospital for treatment.

Held in jail are Delbert Graves, 21, and Carl Pierce, 32.

Deputies said it was the first raid on a still in Franklin County in 15 years. They said the still had been hidden in a clump of trees near Big Darby Creek.

A FARMER SURVEYS HIS POND. Hugh Sutphin stands beside the high-and-dry overflow pipe of his almost dry pond as a bright sun burns his northern Virginia farm land. Sutphin's farm, near Chantilly, Va., some 25 miles from Washington, D.C., is in an area experiencing its worst drought in 60 years.

Judge Refuses To Grant Writ Freeing Doctor

Sheppard's Attorney Says He Will Appeal; Questioning Continues

CLEVELAND (AP)—Common Pleas Judge Frank J. Merrick today refused to grant a writ of habeas corpus that would have given temporary freedom to Dr. Samuel H. Sheppard.

William J. Corrigan, attorney for the 30-year-old physician held in the murder of his wife, immediately announced he would appeal the decision.

Judge Merrick ordered the osteopath returned to the county jail, where he has been held since his arrest Friday night.

Under Ohio law, the president of a city council in such a municipality as Bay Village—scene of the crime—has full authority to act for the mayor, if for any reason at all the mayor cannot act, Judge Merrick said.

Armas Takes Action

Guatemala Cadets Engage in Uprising

BULLETIN

WASHINGTON (AP) — The State Department said today it has received official information that "military forces supporting the government of Guatemala are apparently firmly in control."

Press officer Lincoln White referred to the events in Guatemala as a "disturbance" and said there was shooting early today "in which several score cadets were said to have participated."

GUATEMALA (AP)—Cadets and officers of Guatemala's military academy revolted this morning. Forces of the government of Col. Carlos Castillo Armas moved to put down the rebellion.

Troops of the Aurora army base at the Guatemala airport were reported to have joined the rebellious cadets. Other reports said Communist elements, defeated in a brief civil war that ousted Red supporters from the government last month, had mobilized.

Armas Army Mobilized

Castillo Armas mobilized his liberation army which last month brought about the ouster of the Red-tinged regime of President Jacobo Arbenz, who is in asylum in the Mexican embassy.

Today's revolt began at 5:25 a.m. EST, after a fight late last night between cadets and elements of Castillo Armas' army in which a cadet was killed.

A spokesman said the government had ample strength to put down the rebellion.

Planes Begin Attacks

Air force planes began an attack on the rebels.

Castillo Armas directed operations of his forces and put Maj. Enrique Oliva and Col. Jose Ortega in direct command of the liberation army units. Oliva is a member of the Castillo Armas junta and Ortega the chief of staff.

Names of the individuals commanding the rebels could not be learned immediately, but there had been rumors that bands of Communist militia were planning some kind of attack.

Castillo Armas kept his liberation army intact after the overthrow of the Arbenz regime.

Bond Placed At $100,000 For Each One

3 Men and Woman Picked Up in Denver, Fifth in Los Angeles

DENVER (AP)—U.S. Commissioner Joseph D. Neff set bond at $100,000 each early today for four top communists nabbed together only one block from the Colorado Capitol Building by FBI agents. A fifth was arrested in Los Angeles.

Three men and a woman were taken by FBI agents to city jail here for fingerprinting, then to the county jail. Commissioner Neff said a preliminary hearing would be held Aug. 16.

The arrest of the four, along with that of Mrs. Patricia Blau in Los Angeles, was announced in Washington by FBI Director J. Edgar Hoover, U. S. Atty. Donald E. Kelley said all were arrested on warrants issued here and charging them with violation of the Smith Act.

That law, under which a total of 115 Communist party functionaries have been arrested since 1949, makes it a crime to teach or advocate the forcible overthrow of the U.S. government.

Those arrested here were Arthur Bary, 42, chairman of the Colorado Communist Party and regional organizer for Colorado, Wyoming, Montana, Utah and New Mexico; Anna Correa Bary, 29, his wife and former organizer of the Communist party in Denver; Harold Zepelin, 28, Communist party organizer for Colorado; and Lewis Martin Johnson, 34, head of the Communist party in Utah.

As they left the office of Commissioner Neff, all except Mrs. Bary, smartly dressed in a blue dress and sporting a boyish Italian hairdo, were handcuffed.

Asked if he had any comment,

Marionite Named

Fred W. Thacker Elected To State Legion Position

Fred W. Thacker of Marion was elected second vice commander of the Ohio Department of the American Legion during a three-day convention in Cincinnati.

The convention was concluded Sunday with a parade.

Named commander of the Ohio Department was James Wagonseller of Lancaster. Others elected were Philip Lustig of Cleveland, first vice commander; William Collins of Mentor, treasurer; Rev. Joseph Buckley of Shaker Heights, chaplain, Clarence Whitemeyer of Louisville, national executive committee member.

—:—

THACKER is immediate past commander of the Sixth District, American Legion, of which the Marion County posts are a part, and is a member and past commander of Bird-McGinnis Post No. 162 of Marion.

Rehabilitation of disabled veterans is the most important work facing the American Legion today, says Wagonseller, new commander.

"We are determined that the people of Ohio and the United States never forget or shirk their responsibilities for the fellows who have been disabled and diseased because of service to their country," said Wagonseller, 34, a Lancaster real state dealer.

—:—

WAGONSELLER was a gunner on a B24 bomber during World War II. He joined Fairfield Post No. 11 in Lancaster, the same post his father had belonged to before he died in 1942, soon after he was discharged from the Air Corps in September, 1945.

His election as state head of the veterans organization was without opposition.

Howard C. Kingdom of Conneaut, his predecessor, estimated he traveled 23,000 miles and attended on the average from two to three meetings a week as state commander.

The immediate past commander said his administration increased membership 1,500 to about 126,000 in Ohio, strengthened an education program among young Legionnaires and sponsored a successful youth program through its Buckeye Boys State and essay contests.

FRED W. THACKER
New Ohio Legion Officer

The three-day convention ended yesterday with a two-hour parade. Twenty-six Drum and Bugle corps including the state champions from Massillon, and 11 bands, including the state champions from Salem, marched and strutted. The Canton post was named as the best appearing band and the Bellefontaine drum and bugle corps was selected the best appearing in that group. Marion's Cavaliers took part in the parade.

IRAN FLOOD KILLS 186

TEHRAN, Iran (AP) — The newspaper Etelaat reports 186 bodies have been recovered so far in the flood-stricken Kazvin area 100 miles northwest of here. Fifteen villages were in the path of the raging floods last Thursday and Friday.

New Law Boosts Deductions

Doctor Bills High? Tax Relief Possible

What's in that big new tax bill for you?

If you're puzzled, as an individual income taxpayer, you are not alone. The bill Congress has just passed runs to nearly 1,000 pages of small print, revamping almost every tax law on the books.

To help clarify the picture, The Star starts a series of Associated Press articles today.

They will cover such subjects as medical benefits, dependents, retired persons, working mothers, sick and accident insurance plans, installment buying and charitable contributions, dividends, tax deadlines, sale or purchase of houses, and others.

WASHINGTON (AP) — If medical expenses are taking more than an incidental bite out of your pocketbook, you may get some help from another source: An income tax cut.

Bigger deductions for medical expenses are included in the giant tax revision bill just passed by Congress. It's one of many provisions designed to give tax relief to people with special needs or problems.

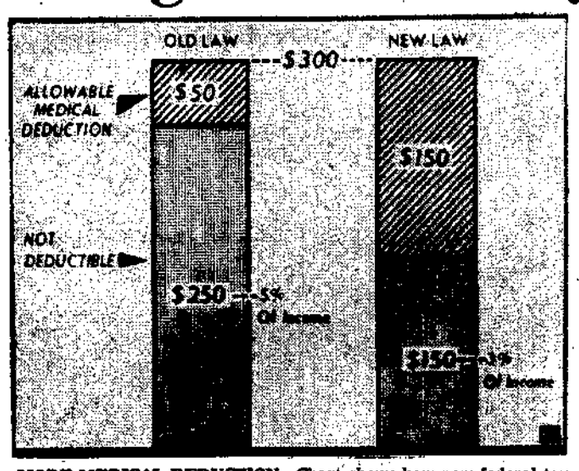
First of a Series

Experts figure about 8½ million persons will find their tax bills reduced by about 80 million dollars altogether because of this new allowance.

—:—

IT GOES INTO effect for medical expenses starting as of last Jan. 1. It will show up in your 1954 income tax return when you file next spring.

Under the new law you may deduct from your income, before figuring your tax, medical expenses above 3 per cent of your income. Under the old law you could deduct only those expenses above 5 per cent of your income.



MORE MEDICAL DEDUCTION. Chart shows how new federal tax law just passed by Congress would permit family with $5,000-a-year income and $300 medical expenses to deduct $150 instead of $50 from income. New law permits subtracting medical costs over three per cent of income instead of old limitation of all above five per cent.

But there's another provision that may trim your benefits somewhat. Under the old law, all outlays for drugs and medicines were included as medical expenses. Under the new law you can count only those drugs and medicines which exceed 1 per cent of your income.

And remember you don't get any deductions for medical expenses unless you itemize all your deductions. You won't benefit if you take the standard deduction of 10 per cent of your income, which the government offers gratis to most taxpayers.

—:—

BECAUSE OF the medical allowance and others, you may find you will benefit by listing your deductions next year although in the past you have been taking the automatic 10 per cent deduction.

Another change would be an especially big help if you run into really extraordinary medical expenses. Under the old law the maximum medical deduction was $1,250 per person, for yourself or your dependents, or up to $5,000 for a family. The new law doubles the maximum deductions to $2,500 per person and $10,000 for a family. That could be a tax reduc-

Congressional Report

Grocery Prices Remain High Despite Farm Drop

WASHINGTON (AP) — The House Agriculture Committee formally reported today what housewives already knew: grocery store prices remain at near record highs despite a sizable drop in farm prices.

Making public a statistical study of the trend in farm prices and retail food costs, the committee concluded:

"Thus far, almost none of the lower prices received by farmers since 1951 has been passed on to consumers in the form of lower retail food costs.

Meat Declines Ahead

"Further declines in farm prices are expected as more livestock and livestock products come to the market and (government) price-support levels are lowered.

"Consumers can expect little benefit, however, from these lower farm prices unless recent tendencies to increase marketing and processing charges are curbed."

A somewhat less pessimistic view, from the housewives' standpoint, came yesterday from the Agriculture Department, which said major foods will be in plentiful supply during the remaining months of 1954 and that prices should ease some.

The department forecasts a heavier output of pork, veal, lard, turkeys, eggs, processed fruits, fresh vegetables and some rice, as compared with the same months last year. The department said lamb and mutton are the only major items which will be scarcer than last year.

Will Eat More

The average person, the department said, probably will eat a little more during 1954 than he did in 1953.

The department reported last Friday a drop in prices received by farmers during the month ending July 15, the second straight month that farm prices declined. The price index, based on 1910-14 averages, stood at 247 compared with 260 in July last year.

The House committee found that

Reds' 'Soft Line' Aims At Split, Smith Declares

WASHINGTON (AP) — Under Secretary of State Walter Bedell Smith says the "new soft line" of Russia and Red China is an admission that their "openly bullying tactics of the past" have failed.

What the Communists are really trying to do by their overtures toward America's allies, Smith said in a television interview last night, is to weaken the free world's solidarity and particularly to "isolate" the United States.

He said he had seen no signs the Communist nations are ready to "settle down as peaceful members of society."

Strikes Shut Down Airline, Cut Milk Flow

By The Associated Press

Strikes today shut down American Airlines, the nation's largest air carrier; threatened operations of Reynolds Metals Co., one of the nation's largest manufacturers of aluminum, and cut off most milk deliveries in the greater Cincinnati area.

The AFL Air Line Pilots Assn. struck the airline Friday midnight for an eight-hour day. Directly involved were New York-Los Angeles nonstop transcontinental flights the union said sometimes run as long as nine hours.

The ALPA also poised strike threats against Trans World Airlines and United Air Lines but said it expected to take no immediate strike action against these lines.

The American shutdown reached full effect yesterday as all planes were grounded upon reaching

Lightning Hits Video Antenna And Starts Fire

Lightning struck a television antenna, followed the wires into the house and did about $15 damage at the home of J. E. Smith of 463 Grant St., firemen reported today. The antenna was struck at 5:40 p. m. Saturday.

The bolt went into the television set, then scorched the curtains and the walls. Men from the Central and Mark Street Stations answered the call.

An auto seat caught fire this house and did about $150 damage loss. Men from the Central Station were called to the rear of 209 S. Prospect St. where Strother Bracey had parked a car belonging to his step-father, James Cofer of 896 Kenton Ave.

Firemen believe a stray spark had set fire to the seat cover. The alarm was received at 9:20.

A faulty motor caused smoke in a house at 207 E. George St. this morning at 10:15 a.m. Firemen report the motor on a washing machine being operated by Mrs. Madison Blake either became overloaded or stuck and spouted smoke. The fuses in the line blew out, but no damage was done from fire.

Men from the Central and Mark Street stations answered the call.

Five From County Attend Methodist Young Adult Rally

Two couples from the LaRue Methodist Church and a representative from Epworth Church in Marion attended the Ohio Conference Young Adult Fellowship Assembly of the Methodist Church at Ohio Wesleyan University at Delaware Friday night through Sunday afternoon.

Gene L. Dunkin of LaRue was named chairman of the commission on recreation for the organization. He has been a Lima District officer. Attending with Mr. and Mrs. Dunkin were Mr. and Mrs. Robert Rizor of LaRue, and delegate from Marion was Miss Elaine Ballinger. During the meeting the latter served as a group secretary. Mr. Rizor gave a report on the Young Adult Fellowship work as carried on at the LaRue Church. Theme of the assembly was "This Is the Life," and class discussions were on, "Life in Christ," "Life in the Church," "Life in the Home," and "Life at My Job."

Highlighting the sessions were addresses by Dr. [illegible]nk D. Slutz of Dayton, educational counselor and author. Rev. Bliss Wiant, former missionary to China, lectured Saturday night on "A Faith That Sings" illustrated by Chinese music and songs of other nations, and was in charge of the Sunday morning communion service at St. Paul's Methodist Church where he is pastor. Among resource leaders for the classes was Rev. Harry Bright Jr., formerly of Ada.

Mrs. Darlene Walcutt of Athens was elected president to succeed Jack Jones of Columbus. Installation was conducted Sunday morning by Rev. Sidney A. Mayer of Columbus representing the conference Inter-Board Council. Closing session in the afternoon was a period of evaluation. Nine out of 11 districts in the conference were represented. Chillicothe, Cincinnati, Columbus, Dayton, Lima, Portsmouth, Springfield, Toledo and Zanesville.

Marionite Bound Over On Bad Check Charges

A Marion man was bound over to the Marion County Grand Jury under $1,000 bond Saturday after he pleaded guilty to a bad check charge in Municipal Court.

William O. Redd, 31, of 156½ S. Main St. was bound over. He pleaded guilty to passing a bad check for three dollars at the Bonded Oil Co. He was accused in a warrant signed by John M. Spillman Jr., an employe of the company.

Union Sends 14 to Camp

THE CLIMAX OF a year long campaign to send local youngsters to camp was reached yesterday when 72 girls from Marion and Newark left for a week's vacation at Sand Lake, Mich. Among the girls were 14 from the Marion County Children's Home, 5 of whom are shown entering the bus for the 150-mile journey. Charlotte Martin (left) and Donna Jean Furniss (right) wait their turn as Anita Vermillion hands her suitcase to Maxine Amos. Peeking around the door is Carol Saunders. Locals 750 and 1039 in Marion and Local 1037 in Newark raised money for the girls' vacation. The children's home group is financed through the collection of sales tax stamps. This is the third year local children have attended the camp although it is the first time for girls from the children's home.

McCarthy

(Continued From Page 1)

This idea met with little immediate enthusiasm.

McClellan termed it a "better procedure" in his view than others advanced so far, but said he is not committed to it and would go along "if a better one is suggested."

Senior Democrat

McClellan made his suggestion in an interview. He is the senior Democrat on McCarthy's Senate Investigations Subcommittee, and the man to whom many Democrats look for quarterbacking on issues involving McCarthy.

McClellan said the resolution by Sen. Flanders (R-Vt) to censure McCarthy is not specific.

"I'm not passing final judgment on whether he should be censured," McClellan said of the Wisconsin senator.

But if the Senate does bring a censure resolution to a vote, he said, it should be a resolution containing specific accusations giving the person or persons named "a fair opportunity to enter a defense."

"Any senator who is censured should have specific charges to answer, and the Flanders resolution does not now meet that test," McClellan said.

"I think the better procedure would be to have a committee vote out specific charges at this session of Congress."

Special Committee

He said he thought it would be wise to assign such a task to some special committee of senators from both parties "who have had the least to do" with rows involving McCarthy.

McClellan emphasized that "it is not my thought to delay" in suggesting creation of a special committee.

McCarthy, outwardly confident of a victory he could hail as a vote of confidence, fought with help from some key Republicans to force an early showdown on a censure motion offered by Sen. Flanders (R-Vt).

Some of McCarthy's critics expressed doubt they could win a vote on the original Flanders proposal and indicated they would seek a substitute plan that would appeal to a Senate majority.

The Senate planned to resume debate today.

Flanders himself was barred by a parliamentary maneuver of Republican Leader Knowland of California from any voluntary expansion of his brief resolution bearing only an allegation that McCarthy's conduct has tended to "bring the Senate into disrepute." The resolution includes no specific charges, but Flanders has been highly critical of McCarthy's investigative methods.

Knowland won a Senate order Saturday for a roll call vote on the Flanders proposal. Senate parliamentarians said that meant the original could be amended only by unanimous consent or by a majority vote of the Senate. Sen. Dirksen (R-Ill) said he would block any unanimous consent request.

Dirksen disclosed the strategy of McCarthy supporters when he said in an interview that he will oppose any amendment to the Flanders proposal or any substitute for it.

May Go to Committee

"I want this thing settled," he said. "The Senate should take the Flanders proposal straight, without the ginger ale of amendments or substitutes. This issue ought not be left hanging in the air."

Sen. Goldwater (R-Ariz) said this represented substantially the attitude of a large majority of the Senate's 48 Republicans. On the opposite side, Flanders also called for a showdown vote.

Knowland said last night he anticipates another day or two of debate and then, probably, a Senate decision to turn the whole issue over to some committee for study. Any such result would delay action at least until after the November elections.

Whether McCarthy could get a vote on the unadorned Flanders proposal — which even such critics of the Wisconsin senator as Sen Jackson (D-Wash) predicted wouldn't pass — seemed to depend on what sort of a substitute could be found that would appeal widely to the Democrats and to a few Republicans critical of McCarthy.

McCarthy, in a talk yesterday at Johnstown, Pa., made no direct reference to any of this but appealed to his approximately 15,000 listeners for greater support for "me and my investigators," and he added:

"I say to you now, there are no tactics too rough to weed out the underground influence which threatens the very heart of the American republic. While I am in the Senate I do not intend to use any delicate means in hunting out Communists . . .

"There are other skunk hunters in the government, but you can't go skunk hunting with top hats and lace handkerchiefs."

McCarthy, who spoke at a Catholic Day celebration sponsored by the Johnstown Catholic Athletic Assn., said every Communist move in the country must be investigated "regardless if it hurts the Democrats or the Republicans."

Cooper Joins Flanders

Sen. Cooper (R-Ky) publicly joined the ranks of the McCarthy opponents when he told the Senate Saturday he will vote for the Flanders resolution. Cooper said he believes McCarthy has "at times abused his great powers" as chairman of the Senate's Permanent Investigations subcommittee.

There was some speculation that Sen. McClellan (D-Ark) might author a substitute to Flanders' resolution which would postpone a decision until a subcommittee report has been issued on the long McCarthy-Army controversy. That may be delayed beyond the adjournment of Congress.

Sen. Fulbright (D-Ark) suggested that Democratic members could go ahead with their own report on the word battle between McCarthy and Secretary of the Army Stevens. Fulbright said it could be used as the basis for specific charges against McCarthy on which he might be censured.

Fubright and Sen. Morse (Ind-Ore) spelled out specific counts against McCarthy in an effort to satisfy the demand of some senators for a "bill of particulars" without which they would be unwilling to censure McCarthy.

Fulbright cited (1) McCarthy's acceptance of $10,000 from Lustron Corp. for a housing article, (2) McCarthy's denunciation of a 1952 Senate subcommittee which investigated his affairs, (3) his "incitement" of government employes to give him secret information, (4) his accusation that Annie Lee Moss a government employe, was a Communist before she testified, (5) his attack on the "loyalty, patriotism and character" of Brig. Gen. Ralph W. Zwicker and (6) a 1951 Senate attack on Gen. George C. Marshall.

Three of Morse's seven charges also involved the Zwicker case and the conflict over classified information. In addition, Morse accused McCarthy of (1) declining to give a Senate subcommittee information about his finances, (2) unfairly accusing subcommittee members of "improper conduct," (3) attempting "to invade the constitutional power of the President," and (4) permitting and approving "abuse of senatorial privilege" by Roy M. Cohn, resigned staff aide.

REWARD OFFERED

A $45 reward is being offered by a Kenton man for the return of his six-year-old parrott which escaped from his house Sunday afternoon. Fred C. Wolfe told police he would pay that amount for the bird which he described as a bright green with a yellow head. The bird is able to say "mother, hello, and hi ya."

School Levies On Ballot in 6 Districts Here

With the deadline two days away, six school levies have been filed with the Marion County Board of Elections for placement on the November general election ballots.

Local school boards at Caledonia, Meeker, Marseilles, Waldo, Pleasant and Elm Valley are asking levies for current operating expenses.

The Caledonia levy, for six mills, would run for five years, and would be a renewal of an existing 3.70-mill levy, with an increase of 2.30 mills.

Meeker's levy, two mills for five years, would be a renewal of an existing 1.80 mills to become 9.80 mills, while Marseilles' levy, six mills for five years, would be a renewal of 3.60 mills and an addition of 2.40 mills.

Waldo is seeking an additional three-mill levy for one year, and Pleasant is asking for four mills for three years, as an addition to an existing 2.90-mill levy, to constitute a total levy of 6.90 mills.

Elm Valley is asking four and one-half mills for five years, as a renewal to an existing one and one-half mill levy and an increase of three mills to constitute four and one-half mills.

Deadline for filing school levies is Wednesday

A $376,000 bond issue for an addition to the LaRue schools is also on file with the elections board.

In addition to these school levies and the bond issue, a special issue, the proposed city charter for Marion is on file at the Board of Elections. It provides for the question of "Shall the proposed charter as reported by the charter commission of Marion, Ohio, be adopted?" be placed on the November ballots.

Sheppard

(Continued From Page 1)

That was the point on which Corrigan had asked the writ. He contended Gershom M. Barber, the council president who issued the warrant and committed Dr. Sheppard to jail, had no authority to act.

Barber acted because Mayor J. Spencer Houk, a friend and neighbor of the doctor, is expected to be a material witness. Houk was the first person Dr. Sheppard telephoned on the morning of July 4, when Mrs Marilyn Sheppard's bloody body was found.

It was Corrigan's contention that a mayor cannot delegate his authority.

Wears Neck Brace

The courtroom drama took little more than half an hour. Dr. Sheppard was wearing the neck brace which he has used much of the time since the slaying. He says the intruder who killed his wife hurt him in a struggle The doctor was clad in light blue slacks and a white sports shirt.

Witnesses at the hearing were Barber, Houk and two arresting officers, Lieut. Clifford Mercer and Patrolman Fred J. Drenkhan.

Dr. Sheppard's return to jail presumably opened the way for further questioning by detectives who talked with him for about six hours yesterday. They indicated they had not learned much.

Homicide Chief David E. Kerr quoted the osteopath as saying: "On advice of counsel, I will not talk about anything to do with the murder."

In his previous accounts of the fatal holiday morning, the osteopath said that while dozing on a downstairs couch he heard his wife scream. Then he ran to their bedroom and was "clobbered" by a "white form" with whom he grappled afterwards in a chase outside.

BABY STROLLER LOCATED

A baby stroller, reported stolen from in front of the Gallaher Drug Store Friday evening was returned to its owner today after it was found in a shop next to the drug store. Police report the stroller was found this morning by the manager of the Holly Shop and returned to its owner, Mrs Alec Neimuth of 269 Park Blvd.

Local Quartet Wins Title

NATIONAL CHAMPIONSHIP was captured by the Buckeye Four quartet of Marion Aerie 337, FO Eagles, Saturday night at the convention at Chicago, Ill. The local group was winner among five cities in the music competition. Pictured above from left to right are Hubert Hoch, William D. Cowles, A. A. Ward and Robert Heimbich. The group had a percentage of 98.2 out of a possible 100 points in the judging. Zanesville rated second with 97.7. Moline, Ill., was third, South Bend, Ind., fourth, and Sidney, O., fifth. The meeting was held at the Sherman Hotel.

Attending also from Marion were Charles A. Way as state aerie delegate, Howard McCurdy as local delegate, Mrs. Dorothy Douglas as state auxiliary delegate, and Mrs. Edith Collins as local auxiliary delegate. Way is Ohio central zone vice president, McCurdy is a local past president, Mrs. Douglas, state auxiliary vice president, and Mrs. Collins a local auxiliary past president. Others in the party which left from here Wednesday were Mr. and Mrs. William C. Woessner, Okey Buckland, Luther Mitchell and Mrs. Way.

Tax

(Continued From Page 1)

tion of a thousand dollars or more for a few families especially hard hit by medical bills—and it could relieve some families from paying any income tax.

Here are typical examples of how the change from 5 to 3 per cent would work:

If your income is $5,000, you now can deduct allowable medical expenses that run above $150. Under the old law, you could deduct only those expenses above $250.

IF YOUR MEDICAL costs were actually $200, you could deduct $50 under the new law but nothing under the old law. If your expenses were $250 or more, you could deduct an extra $100 under the new law.

At the minimum 20 per cent tax rate, the extra $100 deduction would amount to a tax cut of $20. Your tax reduction would be greater if you are above the minimum bracket, or if your medical expenses were above the old maximum deductions.

Still another change tightens what you can claim as a medical expense If your doctor orders you to travel for your health, you can deduct transportation expenses only. You can't deduct—as some taxpayers have done—ordinary living expenses while traveling, or while you are at a health resort.

Another change benefits survivors. Expenses of an illness resulting in death now can be deducted in the final tax return for the dead person, even if filed after death. Under the old law they could be deducted only on returns filed before death.

New Connecting Road Near Marietta Dedicated

MARIETTA, Ohio (AP) — Fort Harmer Drive, a 1.59-mile improvement connecting Ohio 7 and U. S. 50 with the new Washington St. bridge here, was dedicated yesterday by Gov Frank J. Lausche.

The bypass was constructed at a cost of $1,546,074 by the C. F. Replogle Co of Circleville.

Also present at the dedication were Rep George Bender (R) of the 23rd District and Samuel O. Linzell, state highway director.

Communists

(Continued From Page 1)

Bary, nattily dressed in white straw hat, dark blue suit and white polo shirt, told The Associated Press:

"Yes, if it's permissible to make one."

The FBI agents, one on either side of him, made no protest.

"I think you should know that Commissioner Neff set bond at $100,000 each, which is tantamount to no bond at all. It will be impossible to meet it."

Commissioner Neff said the four showed no emotion other than "amusement" at their arraignment. "It was all a big joke," he said.

Charles Brown, agent in charge of the Denver FBI office, gave no details of the arrests other than to say that all were arrested while standing on the sidewalk near the Capitol.

He said the arrests climaxed "a lengthy investigation." Kelley said he was aware of the investigation "some time ago." He said Mrs. Blau probably would be returned here for preliminary hearing on the same date as the other four.

Mrs. Blau, who the FBI said has been associated with Communist party activities since 1943, was arrested at her Los Angeles home where she lived with her husband. She had been working in a bakery for several months without public attention, the FBI said.

A native of Fort Smith, Canada, she was arrested Aug. 27, 1953, near Stockton, Calif., in connection with the arrests of Communist fugitives Robert Thompson and Sidney Steinberg on the same day in a cabin hideout near Twain Harte, Calif. She was later acquitted on charges of harboring federal fugitives.

Bary, Colorado Communist party chairman and former party functionary in Utica, N.Y., is regarded by the FBI as one of the party's outstanding West Coast underground leaders. He had $1,872.67 in his possession when arrested.

Vending Device Robbed, One Break-In Try Fails

Change from a soft drink machine was stolen and an attempted break-in was unsuccessful over the weekend, police reported today.

At 4:58 this morning, Malcom Severns, merchant policeman, reported someone had broken into the B and W Garage at 320 N. Main St. between 2:30 and the time he called

Upon investigation, police found entrance had been gained through a broken window on the northwest side of the building. A soft drink machine had been forced open and an undetermined amount of change was missing.

A window was broken at the Hy-Flash Service Station at 380 W Center St., but the would-be burglars were unable to gain admittance. Tony Nicolosi of 384 W Center St called police at 3:58 p.m. Saturday and told them someone had broken a window between 11:30 p.m. Friday and 7 a.m. Saturday.

Police found no entrance had been gained to the service station. The window was located in the women's rest room.

TVA DIRECTOR NAMED

WASHINGTON (AP) — President Eisenhower today nominated Brig. Gen. Herbert D. Vogel, an Army engineer, to be a member of the board of directors of the Tennessee Valley Authority succeeding Gordon R. Clapp.

MODEL CHAMPION. Shirley Austin, 16, of Kirkwood, Mo., is shown with the flying-wing "Half Fast" that helped her become the first girl ever to win the senior "dog-fighting" class of the National Model Airplane championships in Chicago. The show was held at the Glenview Naval Air Station.

GI's Find Mess Hall a Dream--- Waitresses Yet

ENID, Okla. (AP)—A GI's dream—waitresses dressed in trim, white uniforms — greeted Vance Air Force Base airmen as they went to chow this morning.

It was only the second day of the Air Force's experiment at turning kitchen police duty over to a catering service. But the trial, due to continue for 11 months, was immediately pronounced a tremendous success.

"Everyone was very enthusiastic, especially the enlisted men who ordinarily pull KP every 15 or 20 days," said Lt. Joseph A. Hays, public information officer.

The girls loved it too.

Sharon Ruch, a stenographer for the catering firm who helped in the kitchen the first day, said she liked it so well she's thinking of discarding her typewriter for an apron.

"The girls were overwhelmed by the reception," said Jack McGaha, southwest division manager for the Nationwide Food Service, Inc., of Chicago.

Asked if there was any chow-line flirting, he replied

"Yes there was some of that going on—you know soldiers."

Here's what the men thought of girl KPs.

"It's more appetizing—the food, I mean."

"They can feed me dog food now and I wouldn't know the difference."

"It's better than eating in a restaurant. The only difference is you walk out without paying."

Cafeteria style still prevails. But instead of the old trays where the gravy slopped over on the apple pie, good chinaware is used. The girls clean off the tables too.

Prices

the farmer's share of the consumer dollar is, steadily dropping "while retail food prices have remained at 1952 peak levels."

It said that out of each dollar spent by the American housewife for foods, 56 cents goes for processing, marketing and transportation charges.

The farmer receives 44 cents, of which 30 cents meets the cost of producing his crop, the report stated, and concluded:

"Thus, the farmer and his family have about 14 cents out of each consumer dollar spent for domestically produced food for their work and their investment."

Going back to removal in 1945 of war-imposed price controls, the committee study said farm prices advanced 29 per cent from then until their peak in 1951, and that since then, farm prices have dropped almost back to their 1946 level.

"In contrast," the committee noted, "retail food prices now hold within a fraction of their 1952 peak."

The committee said housewives now are paying the "highest prices on record" for bakery products and cereals, although farm prices for wheat are down to 1949 levels.

Driver of the truck was Adrian Jenkins, 36, of Grafton W. Va. He was uninjured. Patrolmen said he was driving a semi tractor-trailer.

The car was completely demolished while the front end and cab of the truck were badly damaged.

home bases. The airline employs 1,200 pilots.

The strike of another airline—West Coast Airlines—by the AFL Air Line Agents Assn. has been deferred pending resumption of negotiations today. The walkout originally was set for last night.

The 150 agents represented by the union are demanding 6 to 7 per cent pay boosts, an eight-hour day, overtime pay for work in excess of eight hours and elimination of pay differentials.

Feeder Line

West Coast Airlines is a feeder line serving Washington, Oregon and Idaho.

Three plants of the far-flung Reynolds company were shut down, idling 4,100 workers at Phoenix, Ariz., McCook, Ill., and Troutdale, Ore., after negotiations on a new contract broke down Saturday night.

Five other plants were expected to close within a few days, bringing the total thrown out of work to between 5,500 and 7,500. Strike orders have been sent to plants at Little Rock, Arkadelphia, Jones Mill and Hurricane Creek, Ark., and Lagrange, Ill.

Charles M. Smith, chief negotiator for the CIO United Steelworkers, said negotiations at Richmond, Va., stalled when the company rejected a union demand for uniform vacations and weekend premium pay.

It had been indicated earlier the union and company would agree on a contract patterned after the 5-cent hourly boost granted USW workers Saturday by Aluminum Corp. of America, the nation's biggest aluminum manufacturer.

Coupled with fringe benefits, the Alcoa settlement represented a package increase of "at least 12 cents an hour," a union spokesman said. Pay scales ranged from $1.54 to $2.24½ cents an hour for the 15,000 to 20,000 Alcoa workers represented by USW.

Reynolds metals officials declined to comment on the situation.

Drivers Strike Dairies

Most milk deliveries in the Cincinnati area stopped yesterday when AFL union drivers struck two dairies and 45 other dairies shut down in sympathy. The drivers seek a pay increase which would guarantee them $88.45 a week, instead of the present $80.45, and a readjustment of commissions. Company officials said union demands would actually amount to at least $10 more per week and in some cases $17.

In South Bend, Ind., Studebaker Corp. and the CIO United Auto Workers were reported to have agreed on a wage cut for 10,000 workers to help keep the auto manufacturer in business.

Housing

(Continued From Page 1)

tion. The House originally voted for no public housing at all, then compromised on the restricted 35,000-unit figure at Senate and administration urging.

The new legislation also includes these changes, effective at once:

Liberalizes down payment and repayment period requirements on homes bought with FHA-insured mortgages For example, a house with an FHA-appraised value of $12,000 could have its down payment lowered from the present $2,400 to $1,200 if new and $1,650 if old.

Provides safeguards designed to prevent extra-large "windfall" profits by builders of government-backed apartment projects.

Contains a clause requiring lenders in the government - backed home repair loan program to take part of the risk on each loan made.

Permits the buyer of a government-insured home for the first time to take out an increased mortgage for the same terms as the first one if he decides to add improvements such as a wing or a bathroom to his house.

FIGHT FOR LIFE. Albert Holmes (foreground), Navy hospital man from Groton, Conn., works over a Navy diver inside a decompression chamber at the Navy deep sea diving school in Washington, D.C. Robert Darby, another hospital man, waits his turn to aid in the fight for life. The diver, Arthur L. Appleton, 24, of Carbondale, Ill., was at 100 foot pressure when he was stricken. The mishap was described as the first of its kind in the 27-year history of the school. Navy doctors and their aides worked in relays to save the man. This picture was taken through the end glass peep hole of the chamber and does not show Appleton.

Nehru on Peace

By George Sokolsky

During the visit of Chou En-lai to India, in June, many banquets were held at which many speeches were delivered. The keynote was peace and it was stressed that China and India had been at peace for 2,000 years, which excludes the conquest of India by the descendants of Genghis Khan, who was a Mongol and not a Chinese and therefore what seems to be an historic inaccuracy becomes a matter of interpretation. Also nothing is said about the Chinese conquest of Nepal and Tibet, which, while not directly Indian territory, did involve India in troublesome situations with China.

SOKOLSKY

NEHRU WAXED very enthusiastic about peace, saying this:

"Peace is necessary for the entire world and peace is indivisible today. But in Asia peace is even more vital and necessary than elsewhere, for we have to build our nations and we want to utilize all our energies in the task of construction and not of destruction.

"There are divisions and differences in the world but there is also a sense of unity and of growing oneness. I earnestly trust that our minds will be directed toward this growing feeling of oneness and to the pursuit and realization of the common ideals that animate humanity today instead of laying stress on divisions and differences.

"Recently India and China came to agreement '. . . and . . . we have laid down certain principles which . . . are recognition of the sovereignty and territorial integrity of each country, of mutual noninterference with each other's internal affairs, of equality and mutual benefit and peaceful coexistence."

However, nothing was said either by Chou En-lai or by Nehru on the subject of Red China's invasion of Korea or Indochina or the conquest of Tibet by the Soviet Universal State, or of the absorption of Mongolia and Tannu Tuva into the Soviet system.

Apparently the oneness of Asia is to be achieved by the piecemeal reduction of Asiatic countries by the Kremlin until nothing is left in freedom but India.

PRECISELY HOW is self-determination achieved by substituting Soviet Russia as a colonial master for France? This is, in effect, what has now happened in northern Indochina, as the two major representatives of the Soviet Universal State, Molotov and Chou En-lai, made clear by their conduct.

It must have been a real unpleasantness for those who believe that Soviet Russia and Red China will split up to witness the absolute oneness of Molotov and Chou En-lai, the oneness of the Soviet Universal State, the discipline of the Korean and Indochinese delegates and their submission to the higher authority.

It must have shattered their hopes of Anthony Eden, that once the West showed Chou En-lai how gentlemen act, he would become a gentleman.

I knew Chou when he was a young fellow in Tientsin where I worked on a newspaper and I have never doubted that he would not change his course the moment he gazed upon the handsome features of Anthony Eden.

His is a conviction and faith that knows no turning. At any rate, two of Red China's military planes responded to kindliness by shooting down a British commercial passenger plane over the Island of Hainan.

PERHAPS THAT is Nehru's conception of how Chou En-lai should maintain the peace.

Chou En-lai replied to Nehru's speech:

"All the peoples of Asia want peace. The menace to the peace of Asia comes now from outside. But Asia today is no longer the Asia of yesterday. The age when outside forces could decide at will the fate of Asia has gone forever.

"We are confident that the unity of all peace-loving nations and the peoples of Asia will frustrate the scheme of the war instigators. I hope that China and India will cooperate even more closely for the noble aid of safeguarding peace in Asia."

He also said:

"Revolution cannot be exported; at the same time outside interference with the common will expressed by the people of any nation should not be permitted. If all the nations of the world put their mutual relations on the basis of these principles, intimidation and aggression by one nation against another would not happen, and peaceful coexistence of all nations of the world would be turned from a possibility into a reality."

Now, what do you think of that? Chou himself went as a youth to Russia where he was trained in the art of exporting revolution!

No Favors

By Victor Riesel

BERLIN

Of course, some of your money is paying our anti-Communist undercover agents in the East one to poison the bread of certain commie officials or to blow up factories, sabotage trains and even knock off a few Germans who are serving the Soviet Union.

RIESEL

You may not approve. Just as there are those here who don't see the need to jeopardize the lives of the young Germans who make up the cells we're planting in the Eastern sector and zone for "Der Tag." If these young men are not killed off, they can be used to propagandize for us inside the Red German "People's Police Force" and camouflaged army — not to mention the Soviet army itself.

However, the Russians have a special MVD unit devoted only to combating anti-Communist organizations in West Berlin — and that Red unit doesn't exactly play with sixteen ounce boxing gloves itself. Not the least of its tactics is to send agents into this Western sector to sit in on labor rallies or go to street demonstrations.

THERE THE RED agents accuse some of the active anti-Commies of being Communists. The crowd turns on those accused and beats them. Then the police come and battle it out with the rioters. Result is that everybody on our side gets hit — and the agents slip back into East Berlin.

It is not all as violent as this, for West Berlin really is a huge and peacefully gay city of 2,200,000 most of the time, with some of their night spots rivaling Paris, and you get a straight shake for your money.

If you know where to seek out the labor and other anti-Communist units here, which run underground operations in the Soviet sector, you can look in on some psychological warfare by day and play safe by night in some mighty elegant restaurants.

AFL secretary - treasurer Bill Schnitzler suggested I visit Herr Chernowsky, leader of the Berlin unions. I found Chernowsky a genial man who, unlike so many of his labor colleagues, is ardently pro-U. S.

HE HAS MANY an undercover gimmick, one of which revolves upon a squad of eight men. They steal envelopes — in the Soviet sector. Each envelope has the return address of some Communist firm or Soviet agency. These envelopes are then brought by the thousands to the Western sector and stuffed with anti - Soviet propaganda or are addressed with some special coded messages to a contact in hostile territory.

So if the MVD intercepts such a piece of mail, it has the return address of a Communist firm. Let them argue. And to complicate matters for the Red police, Chernowsky's right - handed boys address envelopes left - handed and vice versa. Thus the handwriting can't be traced. Then these are mailed at night in the Soviet Zone.

If the Russian secret service wants to stop this practice, it will have to disrupt all business communications "over there" by opening and thus delaying by weeks millions of letters to intercept our propaganda.

Or you can drive over into the southwest corner of free Berlin. There, in the Zehlendorf district, covered by plain - clothes men and the special, black uniformed guards which the U. S. helps to pay to protect the villas in such areas, you'll find something called the "Free Jurists."

Up in the attic of their big house is a little office with 38,000 pink nine-by-twelve cards, listing all Soviet functionaries in East Germany. On these cards are listed their crimes against the people—who the functionaries are, where they live, and who among them are the Soviets' stoolpigeons.

ALL THIS is communicated to our friends behind the Curtain.

Then our underground labor forces get busy — checking the "warnliste" sent them by the method I've described above, or by a hundred other ways. A stoolie is no good once he's identified. This keeps the Russians busy getting new informers all the time.

Not too many streets away also similarly guarded, is the two-building headquarters of the "Fighting Group Against Inhumanity." This unit has a special room devoted to disaffecting Russian area cops, 1,500 of whom have come over to us this year. In that room I saw parts of the military uniforms and caps used by this unit's infiltraters to dress like Soviet police and make contact.

This group has a little list of 2,000 tough commie police who had better not be around when "Der Tag" comes. Like, for example, Generalleutenant Karl Heinz Hoffmann now chief of the "Barracked Peoples' Police," the camouflaged Red German army. I saw his listing, pictures and all, and the dear boy was, among other things, political commissar of the 11th International Brigade in Spain, 1936-1938.

He's been a murderer for almost 20 years. Our friends await the chance to return all favors. That's where some of your money goes!

Indian Story

By Hal Boyle

PINE RIDGE, S. D.

Did you ever hear a horse being tried for murder?

HAL BOYLE

Jake, who is a member of the executive branch of the tribal council, is he says, "half Sioux and half wild Irish rose—a pretty bad mixture."

He knows the philosophy and political outlook of both the Indian and the white man, and is at home in the culture of either. He went to Carlisle Indian College as a third grade grammar school student at the age of 20, and played right halfback there for three years. Later he trouped around the country for more than 20 years as a Wild West show trick rider and rodeo clown. Then he came back and settled down to ranching on No-Flesh Creek near Kyle, S. D.

Tanned and leathery, at 64, he still has the slim grace of a teenage cowboy. He loves most to talk about his childhood, such as the time his Indian grandmother handed him the raw heart of a turtle and told him if he ate it he would always be a brave man and a credit to his tribe.

"I ate it, all right—it tasted like liver, only tougher," he said, "but I turned out to be the biggest coward on earth."

In 1902 his father bought a black stallion from a trader. Turned loose on the range, it became vicious. One day the stallion dragged Jake's older brother, George, 18, from the saddle of another horse and kicked him to death.

"My father was very angry," Jake said. "He butchered some cattle, called in the tribe for a feast, and announced he was going to kill the stallion.

"But the tribal chiefs said no, he couldn't do that. The horse had to be given a fair trial. So they picked a jury of seven men to try the stallion."

On what grounds could human beings try an animal? Well, under the old Sioux code there were four great recognized disasters: (1) no food for the tribe; (2) losing an oldest son; (3) the lonely night wailing of a baby that has lost its mother; (4) the return of a brave from a war party with the news that he is the only survivor.

"The jury decided they could try the stallion for violating the second point in the code by causing the death of my oldest brother," said Jake. "They condemned him unanimously. Then they picked the Indian with the worst reputation in the tribe for being cruel to animals and ordered him to ride the stallion to death.

"He rode the stallion as hard and often as he could for two months but couldn't kill him. Then the jury gave him to another Indian who worked him until he could no longer move. He staked out the stallion, and it finally fell over dead.

"My father then butchered some more cattle, called in the tribe again, and held a great celebration feast. He felt my brother had been avenged. Of course such a thing couldn't happen today—but then it was regarded as simple justice."

Jake and his wife, Alice, have had six children, three sons and three daughters. His oldest son was killed fighting with the paratroopers in Europe in the last war, a second served in the Navy, the third was wounded in Korea and is still with the Marines.

His three daughters are named Grace Marie, Faith Marie and Hope Marie.

"Everybody asks me where's Charity Marie," said Jake grinning. "But I tell them Jake is getting old—it is time he takes things easy."

Boy Stealing Car Tires Wounded by Policeman

CLEVELAND (AP) — A patrolman shot a 17-year-old youth in the shoulder yesterday while he and a companion, 18, were in a used-car lot. Police said both boys admitted trying to steal tires and wheels to sell for spending money. The bullet was fired while the boys escaped over a brick wall. Police said the wounded youth gave himself up, identified his companion and was taken for treatment to Mount Sinai Hospital.

Eisenhower Heads Back

THURMONT, Md. (AP)—President Eisenhower returns to Washington today after an extended weekend in the cool Catoctin Mountains, where he escaped the capital's hottest weather in 18 years.

Los Angeles has an average of five cars for every four families.

To millions of American Families who want more, need more, should have more life insurance—

Equitable Proudly Announces Living Insurance in a New Low-Cost "Economy Size Package"

For you, and millions of Americans—who never dreamed it possible to own more life insurance—Equitable has devised a special low-cost policy. This policy protects *your family* if you die and pays *you* higher-than-ever cash benefits if you live. You don't have to die to win!

IT'S AN ECONOMY-SIZE PACKAGE that is available in amounts of $10,000 or more. Because you purchase this much protection, Equitable can pass on to you important savings in the form of low premiums.

At 35 you pay 15% less than before —*only $23.41 a year per $1,000!* Annual dividends may be used to reduce your premiums.

NEW FLEXIBILITY. The 'change-over' features of this new policy are designed to fit changing circumstances in your life.

For instance, if you take out the policy at age 35, you are guaranteed the right at age 55 to adjust your policy so that you will not have to pay any further premiums after 65. Or you may exercise the privilege of changing to a policy that will permit you to collect the full face amount at 65 or choose an income plan, whichever you wish. And you do so at a special low rate. Again—you save!

No other policy offers such flexibility at such low cost! Even if you are *not* a standard health or occupational risk, you may be able to obtain this protection at an appropriately low special rate.

Parade, Pageant Slated For Centennial at Forest

FOREST — This Hardin County village will mark its 100th birthday this week with four days of parade, pageant, beard judging and exhibits, winding up the celebration on Sunday with religious services at Memorial Field.

Preparatory for the centennial observance, merchants have filled their store windows with remembrances of years gone by. Featured in several displays are glassware of the 19th century, early furnishings, Indian relics, guns, stamps, books, household and farming implements.

—:—

THE CENTENNIAL celebration will get under way Wednesday at 6 p.m. with a parade which will form in the vicinity of Gormley Park and move through the business district. Bands, drill teams, riding clubs and numerous organizations from Forest and neighboring towns will participate.

Following the parade, at 8:30 p.m. on Wednesday and on Thursday and Friday nights, over 400 persons will take part in a pageant, "Forest Through the Years." The pageant will be presented at Memorial Field each night, under the direction of Mrs. Donald Van Tilbury. The community choir will sing during the program.

On Thursday night, an added attraction will be a square dance at 9 p.m. with a Galion orchestra furnishing the music. Following the pageant on Friday night, a fireworks display will be set off and on Saturday at 8:30 p.m. Spooks Beckman, television personality, will appear.

—:—

CLOSING THE four days of activity on Sunday, union church services have been planned for Memorial Field. At 11 a.m., Dr. J. Garber Drushall, of the department of speech at Wooster College, will deliver the message. Following a luncheon at the school, Dr. Homer Vanderpool, pastor of the Grace Methodist Church in Dayton, and area representative of the radio committee of the Methodist Church, will speak at 2:30 p.m. Special music for the services will be provided by the community choir comprised of 116 voices representing Forest's 11 churches.

First settler in the Forest vicinity was James Hueston, who made his home in Jackson Township, east of the Blanchard River, in 1824.

Thief Steals Motor From Officer's Boat

BRISTOL, R. I., (AP)—Rhode Island conservation officers today were searching for a "frogman" they believe stole the outboard motor they use to chase lawbreaking shell fishermen.

Walter Kenyon, skipper of the State Patrol Board, said only a "frogman," equipped with aqua lung and webbed flippers on his feet, could have cut their boat loose from its moorings Saturday night.

The boat was found yesterday without its motor, valued at more than $400.

4-H Club News

The Green Camp 4-H Club, the Busy Bees, held their grading meeting Wednesday night at the home of Miss Patricia Pfeiffer. Mrs. Vernon Davis, club leader, and Miss Phyllis Converse, assistant, were present with nine members of the club. The girls' work for the year was graded by Mrs. John Dunbar. Mrs. Dunbar is the home economics teacher from Likens School in Crawford County. The graded articles will be presented at the Marion County Fair where all awards will be presented.

A sample scale model of the booth the girls will put up at the fair was shown. The guests present for the evening were Miss Dorothy Gorby, home demonstration agent for Marion County, Mrs. James Pfeiffer, Mrs. L. C. Pfeiffer, Misses Rosemary and Linda Pfeiffer, Mrs. Findley Bowling, Mrs. Cyril Willey, Mrs. Earnest Converse and Philip Davis. A special meeting was called for Aug. 9 at the home of Miss Helen Kennard.

Cost of Education On Rise in Oregon

SALEM, Ore. (UP) — The cost of education has been going up in Oregon because of two factors — the June moon and the lure of the West.

Oregon's population, like that of other western states, has been growing faster than the national average due to what educatos call "natural increase" (offspring) and migration from other sections.

A preliminary report of a study made by the University of Oregon's school of education showed an amazing population growth in the 1940-50 decade compared with the previous decade. One-third was attributed to migration and two-thirds to natural increase.

This is how growth has affected Oregon schools:

For the 15-year period 1928 to 1943, school census increased 3 per cent, enrollment 18 per cent, but average daily attendance declined 2 per cent. In the next 10 years — 1943 to 1953 — school census increased 52.4 per cent, enrollment 33.9 per cent and average daily attendance shot up 70.9 per cent.

"This abrupt increase in the numbers of children to be educated has faced the people of Oregon with the necessity of completely reshaping their thinking" on the cost of education, the report added.

Pair Hitching Ride Killed in Auto Accident

Dragged 500 Feet By Car; Weekend Toll Mounts to 16 in State

By The Associated Press

A young Tennessee couple was dragged 500 feet to death yesterday by a car near Washington Court House while hitchhiking on U.S. 62. Three other pedestrians were killed by cars as Ohio recorded 12 traffic deaths over the weekend.

Two men were electrocuted. Another man and a 13-year-old girl drowned in separate accidents, bringing the death toll from accidents to 16.

The Associated Press survey started at 6 p.m. Friday and continued through midnight Sunday.

The toll by days:

FRIDAY NIGHT

Rolla E. Engle, 70, and his wife, Ethel, 68, of Dayton, in a two-car collision near that city.

John E. Mock, 66, of Canton, in a headon collision near Carrollton.

Joseph Bates, 13, of Rt. 1, Millfield, Athens County, drowned in the Hocking River.

SATURDAY

Alice V. Simmons, 41, of Louisville, Ky., when a car went out of control on U.S. 22 near Circleville.

Arthur Carpenter, 72, of Newark, hit by truck on Ohio 16 near that city.

Harold Edwin Roush, 26, of Addison, Gallia County, electrocuted when a surveying rod touched a 12,000-volt line at the Kyger Creek power plant in Gallipolis.

Clarence William Duffner, 51, Rt. 4, Lancaster, drowned while swimming in a flooded gravel pit near his home.

William Arch Mason, 29, electrocuted while working with an extension cord under his new home at North Kenova, Lawrence County.

SUNDAY

James Andrew Gosnell, 22, of Sevierville, Tenn., and Mrs. Eugene Smith, 26, of Rt. 8, Knoxville, Tenn., struck by car and carried 500 feet as they hitchhiked on U.S. 62 near Washington Court House.

Charles W. Pierson, 43, of Rt. 1, Lynchburg, Highland County struck by car on Ohio 131, southeast of Fayetteville, Brown County.

Seth Norviel, 85, of Rt. 2, Bainbridge, Ross County, in the collision of two cars on a one-lane bridge 15 miles east of Hillsboro on Ohio 70.

Anderson Kirkland, 65, of Akron, when a car upset on U.S. 42 north of Xenia.

William D. Bartlett, 12, of Hebron, struck by car on U.S. 40 in Kirkersville near Newark.

Louis H. France, 63, of Bay Village, killed in a two-car collision on Ohio 3 south of the Wayne-Ashland county line.

FINDS CAREER IN ART. Evelyn Nesbit Thaw, showgirl over whose love Millionaire Harry K. Thaw killed Stanford White in New York nearly 50 years ago, works over a bust she created in her new career as a sculptress. Newsmen found her in a booth in a ceramics show at Long Beach, Calif., municipal auditorium. Now 69, she has been living in obscurity, the last six years in Los Angeles. Thaw was acquitted at his trial in 1906 and divorced the showgirl in 1912.

Pilot Keeps Plane From Hitting Group Of Scouts on Island

SANDUSKY, Ohio (AP)—A 45-year-old pilot, seated at the controls of a crippled tri-motor plane, fought successfully to keep it from flying into a group of Sea Scouts before it crashed and seriously injured him and two others.

Two scoutmasters reported this today after witnessing the accident Saturday night at Kelleys Island.

The pilot, Hugo Rosendahl of Put-In-Bay, was taken to MacGruder Hospital in Port Clinton suffering from a broken left arm, broken left leg and severe lacerations.

In Providence Hospital here were William Strauss, 28, operator of Strauss Airport in North Olmsted, Ohio, in fair condition with a broken back and a broken leg, and David Benjamin, 40, Cleveland, possible internal injuries.

Ten other occupants of the plane, owned by Sky Tours, Inc., were shaken up, some suffering minor injuries.

The plane was taking off from Kelleys Island when it crashed. According to the scoutmasters — Richard Graff and Gerald Finneran of Cleveland—This is what happened:

The plane left the ground and immediately one of its three motors started to "cough." One wing hit a tree about 35 feet off the ground. The plane narrowly missed some high tension wires and was headed straight for an encampment of about 50 Sea Scouts from the Cleveland area.

Pilot Rosendahl then put the plane in a steep left bank and got it up to about 150 feet before it plunged to the ground, missing the camp.

Tribe Rests Up for Three-Game Set With Yankees

Wynn, Hal Newhouser Win; Mossi Will Oppose Bombers

CLEVELAND (AP)—Cleveland's Indians, having completed a seven-game warm up, got a day off before tangling with the New York Yankees in a series opener tomorrow night.

With their 2½ game league lead at stake, the Indians will send Don Mossi, who has a 4-1 record, to start against the Yank's Whitey Ford.

Both the New Yorkers and the Indians each have won seven games and each has scored 74 runs in their clashes this season.

The Yankees kept pace with the Tribe by beating the Baltimore Orioles, 8-6 and 2-1, in a doubleheader yesterday, while the Indians captured a twin bill, 3-1 and 5-4, from the Washington Nats and completed a four-game series sweep.

The Indians took the series opener, 8-3, on Friday, and shut out the Nats, 6-0, Saturday.

Last Tuesday, the Tribe began a 14-game home stand by overpowering Boston, 6-3, and won again Wednesday 2-1. Boston won the final game of the series Thursday, 10-2.

Manager Al Lopez has pitcher Bob Lemon tagged to start against the Yanks Wednesday night, but hasn't yet decided between Mike Garcia and Early Wynn for the series finale Thursday afternoon.

Casey Stengel's Yankee pitching schedule probably will have Ford, Allie Reynolds and Ed Lopat in that order.

Wynn, hurling the opener yesterday, became the first American League pitcher to win 15 games this season. Some time afterwards, Virgil Trucks became the league's second 15-game winner when the Chicago White Sox defeated Philadelphia, 12-1, after the Athletics dropped the first game, 6-5.

Reliefer Hal Newhouser posted his fifth victory against two defeats in the Indians' second contest.

Wynn struck out nine Washington batters and allowed seven hits while registering his fifth straight triumph. He has seven losses.

The Tribe scored all of its three first game runs in the sixth inning on singles by Wynn, Bob Avila, Larry Doby and Vic Wertz.

Johnny Schmitz and Maury McDermott gave up five hits. Washington's sole run came in the fifth on a homer by Tom Umphlett, his first of the year.

Newhouser, who entered the nightcap in the seventh, won his own game by singling in the winning run in Cleveland's half of the inning. It was his first hit of the season.

The Nats scored all their runs in the sixth and led the Indians, 4-3. After a walk by Mickey Vernon, singles by Pete Runnels, Jim Busby, Ed Fitzgerald and pitcher Bob Porterfield, and a double by Eddie Yost.

The four runs were off starter Mike Garcia, who gave up a total of eight hits, and Ray Narleski, who finished up the inning and yielded one hit.

Newhouser, who retired the last nine Washington batters in order, delivered the single with two out. Sam Dente, who had doubled, scored the winning run. Wertz had tied the score by smashing his fifth homer of the season.

The Indians got two runs in the first inning. Doby beat out an infield hit scoring Dave Pope. Porterfield, covering first, dropped a throw from Vernon, allowing Avila to score. Pope had singled and Avila had doubled.

In the fifth, the Tribe made it 3-0 on a wild throw by Vernon, a safe bunt by Avila and two walks.

Little League Playoff Games Start Tonight

Playoff Games for the Little League championship of Marion are scheduled to begin tonight.

Vance, winner of the National League title, and Isaly, American League pennant winners, will squared off at 8 p.m. tonight in the first in a best two out of three series. The second game will be played at the same time Tuesday with the third tilt, if necessary, slated for Wednesday. The Games, at Robert Scott Field, will wind up this season's Little League action.

Yesterday's Stars

Batting — Ted Williams, Boston Red Sox, hit single, double and home run in Boston's 10-8 victory at Detroit where he is batting .342 for the season.

Pitching — Johnny Antonelli, New York Giants, won 11th straight and 16th of season, 9-4, in first game of doubleheader with Cincinnati.

Giants Scalp Cincy, Hike League Lead

NEW YORK (AP)—The only consolation the fast falling Cincinnati Redlegs held today is that they play only two more games this season in the Polo Grounds.

The Reds dropped their eighth and ninth straight Polo Grounds encounters yesterday, 9-4 and 5-0. They were unable to solve the pitching of Johnny Antonelli and Jim Hearn.

Birdie Tebbetts' ball players could gather only 13 hits, four of them by Ted Kluszewski, in 18 innings of play. The league leading Giants had easy pickings with 21 hits, including 4 home runs and 2 triples.

The Reds were booted back into that old familiar spot, sixth place, 5 games off the .500 mark and 17½ behind the Giants, who increased their lead over the second-place Brooklyn Dodgers to 5½ games.

For a while, it looked as if the Reds might end up with a Polo Grounds victory. The Giants had taken 2-0 and 3-1 leads. Cincinnati tied it up in the seventh on Roy McMillan's homer with one aboard. But reliefer Frank Smith was unable to stop the Giant bats.

Whitey Lockman's triple in the first inning and a pair of singles in the second gave the home club the 2-0 lead. Kluszewski's 29th homer of the year, a 450-foot blast, cut the margin for a little while. But Alvin Dark got back this run with his 11th roundtripper.

McMillan's homer, his fourth of 1954, came after Chuck Harmon had singled.

Tebbetts tried to bring Harmon around with a pinchhitter for Harry Perkowski, who started the game. Smith was given the mound assignment in the bottom of the seventh.

Smith walked Bobby Hofman. Then on his first pitch to pinchhitter Dusty Rhodes, he served up a home run ball. An infield single and Hank Thompson's 18th homer of the year followed before Smith retired the side.

Singles by Jim Greengrass and Hobie Landrith got back one run for the Reds in the eight. With one Giant aboard in the last of the frame, Ray Katt homered off the third Red pitcher, Moe Savransky.

It was the 11th straight triumph for Antonelli, whose 16 victories top the majors.

The Reds, who are driving for a new National League record for double plays, had the tables turned on them in the nightcap. The Giants pulled off five to help Jim Hearn earn his ninth victory of the season and second shutout over the Reds. He limited the Cincinnatians to six hits, three of them by Klu, and three walks.

With 49 games to go, the Reds need to pull only 59 double plays to break the record of 194 set by two previous Cincinnati squads. They now have racked up 136.

New York scored three runs, two of them unearned, in the first inning of the nightcap. Pitcher Art Fowler dropped Klu's throw of Lockman's roller. Alvin Dark followed with a single. Lockman then scoring on a sacrifice fly. Rhodes tripled, coming home on another long ball.

Fowler and Jackie Collum halted any further Giant scoring, but that was too late as Cincinnati power again failed.

Cincinnati ends its 1954 Polo Grounds agony Sept. 10 and 11. But right now the squad hopes to recoupe some of the losses at the expense of Pittsburgh starting tomorrow night.

CHAMPION MILER AT EMPIRE GAMES. John Landy, who ran a mile in 3:58, chats with a group of teen-agers on his arrival in Vancouver for the British Empire Games. Landy, from Australia, will meet England's Roger Bannister, the man who first smashed the four-minute mile with a 3.59.4.

Mid-Season Event Slated at Raceway

The mid-season high point race at the Tiffin Speedway will be held Friday night with ten events and trophies for each winner.

The 20 high point men at the Raceway this season will compete in the Silver Wheel race. Morris VanVlerah of Bellevue won the last feature before the mid-season race when he came from 16th place in a 20-car field Friday night.

Two Marion area drivers, Dick Woodall and Jim Sharrock, both of Bucyrus, finished high in Friday's races. Sharrock, sixth in the feature, placed third in the second heat. Woodall was second in the third heat and second in the semi-feature.

Braves Continue Serious Bid To Overhaul NL Pace Setters

By JACK HAND
AP Sports Writer

Where would the Milwaukee Braves be today if they still had Johnny Antonelli?

Although they traded away the young lefty who has turned out to be the top winner in the majors with a gaudy 16-2 record, the slugging Braves are a positive factor in the National League race.

All that hitting, and Antonelli too, might very well have meant a sure-fire pennant in Milwaukee this season. Of course, they may make it anyhow, the way they've been going on their 10-game winning streak.

The Braves can't be criticized too harshly for they felt they needed long-distance power in the outfield and could afford to sacrifice a front-line pitcher. How did they know that Bobby Thomson would break his ankle in spring training and be lost for most of the season?

Yesterday, Antonelli ran his winning streak to 11, longest of the season in either league, as the New York Giants roughed up Cincinnati 9-4 in the first game of a double-header. The Giants also won the second game 5-0 on Jim Hearn's six-hitter to pull 5½ games ahead of Brooklyn.

Milwaukee put the slug on Dodger pitching for their second 19-hit day in succession and a 14-6 romp, moving within four games of Brooklyn.

Joe Adcock, who hit four homers Saturday at Brooklyn was hit on the head by reliefer Clem Labine in the fourth inning after being knocked down by Russ Meyer earlier in the game. He was not seriously injured because he wore a metal protector inside his cap.

The three top teams in the American League Cleveland, New York and Chicago — kept in step by winning double-headers. Consequently, the end of the day found them in the same position, the Indians leading the Yankees by 2½ games and Chicago by seven.

Cleveland knocked over Washington 3-1, for Early Wynn's 15th victory, and 5-4 on Hal Newhouser's decisive single. The Yanks had trouble in Baltimore but won 8-6 and 2-1, using a total of seven pitchers, including Eddie Lopat and Allie Reynolds on relief. Chicago swept a pair from the feeble Philadelphia A's 6-5 and 12-1 with Virgil Trucks winning No. 15 in the finale.

Ted Williams who hit a single, 420-foot double and his 18th homer in Boston's 10-8 victory over Detroit.

Curt Simmons boosted the Phillies within half a game of the first division in the National with an 8-3 triumph over St. Louis. Richie Ashburn chipped in with two singles and a double as the Phils chased Ralph Beard and piled up a 7-1 early lead.

Pittsburgh managed its first shutout of the year when Dick Littlefield blanked Chicago on three hits 2-0. The Cubs came back to win the second game 12-2. Dave Cole threw a two-hitter.

In Brooklyn, after Adcock had been hit, Jackie Robinson was knocked down by Gene Conley's first pitch in the sixth and Duke Snider was hit by a pitched ball in the seventh.

Mathews hit his 28th homer and Bill Bruton and Del Crandall also homered for the Braves. Gil Hodges, Snider and Robinson homered for Brooklyn.

Dusty Rhodes again came to the rescue of the Giants when he batted for Antonelli with the score tied at 3-3 in the seventh inning of the opener and hit a two-run homer. His triple helped the Giants score three in the first inning of the second game to give Hearn a cushion.

Wynn struck out nine for Cleveland while winning his fifth straight but Mike Garcia needed help in the second. Newhouser's single off Bob Porterfield won the game after Vic Wertz' homer tied the score.

Tom Morgan and Johnny Sain had all they could do to hold off Baltimore after Harry Byrd was knocked out in the first Yankee game. Yogi Berra had four hits and Gene Woodling his third homer. Ralph Branca, Brooklyn and Detroit castoff, made his first start for New York in the second, returing because of wildness in the fifth. Marlin Stuart won on relief with Lopat and Reynolds to mop up.

Marion Fuicano of the A's balked, threw wild and hit a batsman as Chicago scored three runs in the seventh inning of the first game at Chicago. The second was easy with Trucks pitching three-hit ball for eight innings until he tired and Harry Dorish finished.

Buck Coach Hopeful

Hayes Begins Vacation, Looks Ahead to Season

By FRITZ HOWELL

COLUMBUS, Ohio, July 31 (AP)—Woody Hayes, Ohio State's slim-and-trim football coach - he has been on a successful diet—took off today on what he termed the first vacation of his life.

"I may be gone nine days, and maybe only two," he said. "I hope to get as far as Quebec, but I may get tired of it all, or homesick, and cut the trip short. I've never taken a vacation, but I hope to see this one through to the finish up there where it's a little cooler."

Woody has spent the summer teaching graduate and undergraduate classes in football at the University, but the session has closed.

"It wasn't all teaching, however," Hayes said. "I've spent practically every evening with Ernie Godfrey and Bill Hess reviewing football movies and trying to pick up some new answers to this and that."

Woody said he had a busy schedule leading up to opening of practice, Sept. 1. He is booked to lecture at the Ohio High School Football Coaches clinic at Springfield, Aug. 10 and 11. He has a talk slated in Chillicothe the evening of the 10th, and will leave the afternoon of the 11th for Chicago for a Big 10 meeting preceding the Aug. 13 Pro-College All-Star game there.

"Right there I run into a problem," he said. "The Ohio high school All-star game at Springfield, and the pro-college game at Chicago, are the same evening. I'd like to see the Chicago game because it will feature the split-T offense which we use. But I don't know what I'll do. It might be more fun to come back for the high school game, and I just might do that."

Hayes said he thought the Ohio State coaches and squad were "better set than we've ever been at this time of year," and he was looking forward to an interesting season.

"Among our problems are Johnny Borton, Tad Weed and Dick Young," he said. "All are at sea in a cruiser, as members of the naval reserve, for six weeks. Borton and Weed are expected back Sept. 1, the day we start practice, and it will take them a few days to eliminate their sea legs. Young, a good defensive halfback, will miss the first five days of practice."

The Buckeye mentor said, of the Big 10 race, that "you just have to pick Illinois as the No. 1 team. When you find three backs like Mickey Bates, J. C. Caroline and Abe Woodson on the same club, you can't pick anyone else. Our only salvation against a team like that is that only one of 'em can carry the ball at a time."

He said he expected every team in the loop to be improved over last year, and insisted it looked like a "whale of a league this fall."

"We'll definitely stick to our two-unit plans, to take advantage of our depth of material," Hayes continued. "I see where some of the experts are picking us for fifth place, but I can't quite go along with that. We'll be pretty good—remember, I didn't say good, I said pretty good—with our defense much better than last year. Our offense was all right last season, and we'll be as good there this time.

"Well, a month from now we'll be out there practicing. See you after my vacation—maybe in a day or two."

Junior Legion Baseball Tourney Opens Today

COLUMBUS, Ohio (AP)—The week-long Ohio American Legion junior baseball tournament opens here today with 14 teams competing for the state championship.

Unless rain causes postponements, the tournament is scheduled to end next Saturday.

The Bentley Post team of Cincinnati is the defending champion.

Portsmouth will meet Cincinnati in the first game of the double elimination tournament today. Other games scheduled: Willoughby-Akron, Marietta-Mansfield, Newark-Columbus, Euclid - Massillon, Toledo - Lancaster, Celina - Brookville.

Winners of the state competition, champion and runnerup, will qualify for regional play at Benton Harbor, Mich.

Wyoming had 3,714 applicants for the 652 moose and mountain sheep hunting permits which the state grants for the 1954 season.

SETS SWIM MARK. Jody Alderson smiles for the cameramen after she set a new world and American women's swimming record for the 100-yard free style at a Chicago pool. Her time was 58.1.

Part of Game, Adcock Insists After Beaning

By ED CORRIGAN

BROOKLYN (AP) — "It's all part of the game, I guess," Joe Adcock sighed before heading for Ebbets Field and another joust with the Brooklyn Dodgers. "I'm not mad at anybody."

Adcock was talking about his narrow escape yesterday when he was beaned by Clem Labine. The slugging Milwaukee Braves' first baseman, who broke a hatful of records Saturday when he hit four home runs and a double, was carried from the field practically unconscious after being hit.

"When a fellow throws me high and tight, I don't mind," Adcock continued. "I can duck that kind of pitch. But when he throws behind your head, I think he means business. But what's there to be mad about? I'm just out there to make a living."

The beaning almost precipitated a full-scale riot when charges and countercharges were hurled between the two teams.

Jackie Robinson and Lew Burdette of the Braves came closest to getting into a fight and had to be separated by players and umpires While Adcock was on the ground, the Braves began accusing Labine of throwing the beanball on purpose.

Addressing a remark to Burdette Robinson said:

"That was only an accident and you know it. You're a fine one to complain about beanballs. You throw at practically everyone."

Then they went at it.

"Can you imagine that Burdette?" Robinson said indignantly later. "I was watching Ed-Mathews out of one eye, though I thought he'd try to sneak one in."

Labine, for his part, denied trying to hit Adcock.

"I wasn't trying to hit him in the head. That goes without saying, doesn't it? I was only trying to brush him back Instead of twisting back, he actually ducked into the pitch."

Only the fact that he was wearing a protective plastic helmet, the type pioneered by Branch Rickey, kept Adcock from being injured seriously, according to Dr. Eugene Zorn, the Brooks' team doctor. No X-rays were taken and Adcock had nothing more than a slight headache.

The Braves won the game 14-8

O'Sullivan To Face Dean, Rogers' Foe

Danny O'Sullivan will meet Man Mountain Dean in one of the headline attractions Thursday night at the armory.

O'Sullivan, a favorite with Ohio wrestling fans, will be meeting a man who last week at the armory gave Nature Boy Buddy Rogers a rugged time.

China Mira and Lee Chona LeClaire will meet in a 60-minute girls match. Mira is a Cuban native while LeClaire hails from France.

Dick Torio and Gino Angelo, younger brother of Martino Angelo, will meet in the opener.

Minelli, Hawaii Ring Vet Clash In TV Feature

NEW YORK (AP)—If Floyd Patterson knocks out Tommy Harrison tonight at Brooklyn's Eastern Park way, it is going to be tough to find opponents for the fast-rising former Olympic champion.

Harrison, who has been in with most of the ranking heavyweights, figures to be the roughest foe Patterson has faced—with the lone exception of Joey Maxim, the former light heavy champ. It was Maxim who snapped Patterson's streak of 12 straight June 7 on a disputed decision.

Although Harrison, a Los Angeles Negro, was knocked out by Earl Walls April 12 in his most recent start, he had beaten Walls in a major upset at Toronto Jan 26.

The eight-round match will be carried on TV (ABC) starting at 10 p.m., EDT.

Frankie Fernandez, a veteran from Honolulu, finally hits New York tonight at St. Nicholas Arena in a 10-round welter bout with Livio Minelli, former Italian champ.

They lured Fernandez away from Hawaii only once before when he defeated Bobby Yaeger at San Francisco in 1946. His record for 35 bouts is 29-5-1. Minelli, well known to the TV circuit, has appeared in 82 fights for a 58-17-8 record.

The 10 p.m., EDT, match will be televised by Du Mont in some parts of the country.

Marion Softballers See Tourney Action Tonight

Two Marion Softball teams will be in action tonight during the opening session of the district at Galion's East Side Park Local league action has been postponed this week to allow the teams to compete.

Erie No. 1 of Marion will help get the tourney opened at 6:30 tonight when it tangles with the Sons of Herman nine from Mansfield. Carl's Auto Parts will be pitted against Junior Order of Bucyrus in the finale at 9. Rusk Brothers of Mansfield and Cochran Motors of Mount Vernon will meet in the middle game.

Findlay Driver Takes Feature At Speed Bowl

Bob Christman of Findlay won the feature event last night at the Marion Speed Bowl. He edged across the finish line in front of Emerson Dyer of Forest. Carl Grover of Tiffin was third and Jim Hamilton of Richwood came in fourth.

The event had to be restarted when Charles Frost of Marion overturned on the fifth lap. On the restart, Gene Moore of Marion went over the bank on the north turn. Neither driver was injured.

Christman also took a first in the first heat race with Ken Stuckey of Tiffin placing second and Dick Woodall of Bucyrus third. Frank Yonikus of Bucyrus was first in the second event with Dyer and Grover running two - three.

Marion's Don Stevens showed the way in the third race. Jake Knight and John Edgar in second and third gave Marion a sweep in that event. Carl Bowman of Green Springs was leading the field until he went over the bank on the third lap.

In the winner's handicap, it was Christman again showing the way. Woodall was second and Dyer third. Knight, Grover and Stuckey were tangled on the north turn and all three were forced from the race.

Hamilton copped the consolation race with Joe Erwin of Richwood second and Moore third.

Simpson Leads Indianapolis to Twin Victories

By The Associated Press

The Indianapolis Indians, the only leaders the American Association has had this season, are nearing the point where other teams will be denied even a mathematical chance for the pennant.

The Indians beat their closest competitors, the Louisville Colonels, 4-1 and 2-1, in a Sunday doubleheader and now have a 14½-game bulge in the standings.

That is the biggest margin they have had so far — and only 42 games remain for them to play.

Harry Simpson sparked both Indian wins yesterday. He homered in the first to break a 1-1 tie and pulled the Indians into a 1-1 second-game deadlock with another roundtripper. The Tribe later won the nightcap with an unearned run.

In other Association activity yesterday, Minneapolis beat Charleston twice, 7-3 and 3-2. Columbus also recorded a doubleheader sweep, beating St. Paul, 7-3, as Mo Mozzali hit a home run, double and single and then blanking the Saints, 2-0, as Herb Moford worked a five-hitter.

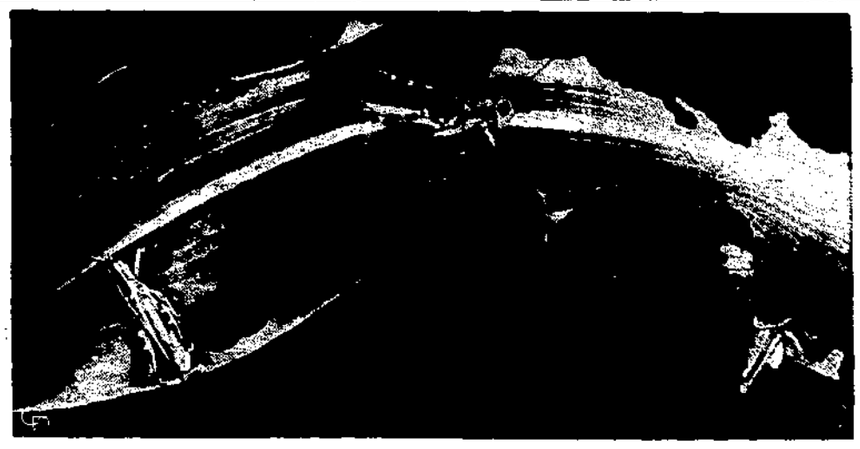
Military rites will be conducted by Earl Green Post, American Legion, of Carey, and by United Spanish War Veterans. Mr. Wilgus died Friday night in Crile Veterans Hospital in Cleveland. He was ill six months and in the hospital four weeks. A resident of the Carey community 19 years, he moved there from Columbus and was a retired farmer. He was a member of Carey Methodist Church and of United Spanish War Veterans. Born March 17, 1866, at Roxanna, Del., he was a son of Thomas and Rachel Linch Wilgus. Aug. 10, 1900, he married Linnie Mae Van Skiver. Surviving are his widow, and three children, Mrs. Harry Stephenson of Columbus, Mrs. Fay Guy of Arlington, Va., and Orien Wilgus of Carey; a granddaughter; five sisters, Mrs. Charles Phillips of Bayonne, N.J., Mrs. A. G. Heyhoe of Los Angeles, Calif., Mrs. Sarah Quay and Mrs. Myrtle Boger, both of Philadelphia, Pa., and Mrs. Carrie Ralph of Berlin, N.J.; and two half brothers, Lawrence and Leo Wilgus, both of Philadelphia. Two sisters preceded him in death.



CAME THE DROUGHT, CAME THE HORDES. This closeup of grasshoppers eating away at corn leaves is symbolic of what is happening to corn in many midwestern states. Extreme heat brought out the hordes of 'hoppers to add to drought damages. The photo was made in the Independence, Mo., area.

John N. Rettig Succumbs While Visiting in Galion

GALION — John N. Rettig, 81, formerly of Galion, died suddenly at 9:40 a.m. yesterday in the home of a nephew, Robert R. Rettig, in Galion of a heart attack. He came here to visit a week ago while his daughter, with whom he resided in Euclid, was moving. He was a retired employe of the Willard Battery Co. in Cleveland.

His parents were Nicklaus and Margaretha Sachs Rettig. Death of his wife, Mrs. Gertrude Leddingham Rettig, occurred some time ago.

Survivors include his daughter, Mrs. J. H. Brinkley of Euclid, and the nephew in whose home he died.

The body was sent from the Snyder Funeral Home in Galion to the Charles Melbourne & Sons Funeral Home at Cleveland.

Missing Ohioans Found on Mountain

ATLANTA (AP)—Lost on the steep slopes of Georgia's Stone Mountain, an Ohio man and his son were rescued early today when searchers found them in a crevice, crouched beside a fire.

Marvin Fessenger, 45, of Cincinnati and his son, Dale, were reported missing late yesterday when they failed to return after a sightseeing trip over the famous landmark 16 miles east of Atlanta.

Stone Mountain police enlisted the aid of Stone Mountain native Elias Nour in the search. Nour, who has made several rescues in the area, found the pair about two-thirds of the way up the south side of the mountain in the crevice of a 60 degree slope.

Former Marion Man Dies at Cleveland Home

ASHLEY—William H. Benedict, 87, former Marion resident, died at the home of his daughter, Mrs. L. L. Tazewell, Cleveland, at 4 p.m. Sunday following an extended illness.

A retired farmer, he was born May 19, 1867, and lived in the vicinity west of Ashley for some time. He later moved to Delaware, Marion and finally to Cleveland where his wife, Mrs. Eva Houck Benedict, died in 1945. Since that time, he resided at his daughter's home.

Surviving in addition to the daughter are: one son, Lloyd of west of Ashley; two granddaughters, Mrs. George Stevens of Martel and Mrs. Fred Price of Indianapolis, Ind.; two great grandchildren, Charlotte and Bobby Stevens of Martel; and a sister, Mrs. Dessie Earley of south of Cardington.

Funeral services will be held in Cleveland at 8 p.m. Tuesday with short services and burial scheduled for Cardington Cemetery at 2 p.m. Wednesday. At that time, the casket will be opened to permit viewing the body.

Drive Safely!
We operate an ambulance service, and we know from personal experience that there is a great increase in auto accidents during the summer months, and particularly on summer week ends. Last year, nearly forty per cent of the highway accidents took place on week ends. That should indicate to everyone that extreme caution is indicated for summer week end trips.

5,000-Year-Old Boat

CAIRO

The greatest archeological discovery in many, many a year is, of course, the solar boat just discovered at the southern base of the great pyramid of Cheops at Giza. The solar boat is 5,000 years old and even the Egyptians, who are rather casual about milleniums, are impressed by anything so ancient. Just to give you an idea, the tomb of Tutankhamen, one of the greatest of all archeological discoveries, was built 2,400 years after this solar boat was laid down.

J. CROSBY

Everyone wants to see the boat, but it has been the center of a political wrangle between Kamal El Mallakh, the archeologist and Egyptologist who discovered the ancient craft, and his boss, the minister of education, Mohamed Awad Mohamed, who would like a little of this glory for himself. Glory is a very important thing to an Egyptian. When I asked through Mr. El Mallakh if I could see the boat, the minister said no.

•:•

BUT THE ETYPTIANS are a wily lot, and Mr. El Mallakh proceeded to throw a tea party right out in the desert in the shadow of the pyramid. One of the guests was Col. Anwar El Sadate, one of the 11 members of the revolution council which runs Egypt. What a shame, murmured Mr. El Mallakh over his tea, that Mr. Crosby who had come 5,700 miles to see the boat should not be permitted to look at it. "Why not?" said the Colonel, sipping his tea. "The minister . . . " "Open it up," said the Colonel. And that was that.

Dusk was falling on the desert when the chunk of limestone was removed permitting us to peer through a little hole, perhaps a foot and a half in diameter at the 5,000-year-old craft. I could see practically nothing. "Bring a light," commanded the Colonel.

A small power generator is started like an outboard motor by pulling a rope which spins the engine. Half an hour passed and the generator refused even to cough.

•:•

I WAS IN THE SHADOW of the pyramids and the shadows were lengthening. It was also turning purple with embarrassment. I didn't really want to cause all this trouble. I intimated that perhaps we'd better forget the whole thing. But no. Once an Egyptian determines you shall have something, by Allah, you'll have it.

The workers toiled away at the rope, getting nowhere, for a solid hour, while we shifted from foot to foot. Unexpectedly, the motor came to life, a light was lowered through the orifice, flooding the cavern with radiance.

Considering its years, the boat is in incredibly good condition. Its decks appear to be as firm as they were laid. A silken covering has rotted away to some extent but the fabric is still there. The great oar which lies on the deck could be used for a paddle on the Nile tomorrow. There isn't really much to look at; there is only the grandeur of its centuries—and that alone was worth the trip.

•:•

I ALSO SAMPLED some of the local entertainment to see if there is anything here for the Ed Sullivan show. So far—nothing. I'm told that there are exquisite little differences between the art of one belly dancer and that of another, but they're a little too exquisite for these tired western eyes. One belly dancer looks an awful lot like every other belly dancer to me.

And I doubt that the local torch singers would please the Sullivan mob. I listened to an interminable torch song in Arabic with an Egyptian comrade. "What's she saying?" I asked. "Cruel man," said my friend. She droned on for another five minutes. "Now what's she saying? "Cruel man." Another five minutes. "Now what?" "He left her." Torch songs, I guess, don't vary much from one civilization to another—except in duration.

The Egyptians, incidentally, are quietly amused at reading on the front page of The Egyptian Gazette about the heat wave in America.

It's 116 in Kansas, eh? The temperature during my stay never exceeded 93 and even that is much pleasanter than it sounds. Actually the Egyptians mind the heat much more than I do. After a New York summer, you can stand anything. I know a couple of Egyptians who plan to come to New York in August. I have grave doubts as to whether they'll be able to stand it.

Million Peasants Fight Flooded Chinese Rivers

TOKYO (AP) — Peiping radio said today "a fierce struggle" is going on between one million peasants and soldiers against raging waters of the flooded Yangtze and Huai rivers in Communist China.

The Reds said the heaviest rain fall in a century fell in the Yangtze Basin recently and that the great central China river, one of the world's largest, has been rising since June.

There were 94 deaths attributed to football in the United States between 1949 and 1953.

SEEING AMERICA BY SCOOTER. Christiane Magontier (front) and Christiane de Beauchaine get directions from motorcycle policeman Lee Garvin after they put-putted into San Francisco on the last lap of their 3,000-mile motor scooter trip. The girls, from Bordeaux, France, are nurses of the United Nations in New York. They made the cross-country trip to "see the United States and meet Americans."

Music Instructor Hired at Leesville

BUCYRUS — Crawford County School Supt. S. K. Sollars announced here today that Mrs. Donald Knappenberger, Bucyrus, has been hired as fulltime vocal and instrumental music teacher at Leesville High School. Last year she taught music at Mount Zion and Leesville High Schools, dividing her time between the two schools.

With the hiring of Mrs. Knappenberger, existing teaching vacancies in the county's rural school system now total 11, including two each at Leesville, Holmes Liberty, Mount Zion, three at Tiro and one each at Whetstone and North Robinson.

Teaching staffs are complete at New Washington, Sulphur Springs, Lykens and Chatfield.

First Upper Sandusky Polio Victim Reported

UPPER SANDUSKY — The first case of the "polio season" in Upper Sandusky has been reported here.

Jean Anne Robey, 4, daughter of Mr. and Mrs. Everett D. Robey, entered Children's Hospital, Columbus, Friday and her illness was diagnosed as polio Saturday. The case was apparently mild with no paralysis.

UPPER ATTORNEY NAMED

UPPER SANDUSKY — Attorney Russell C. Price of Upper Sandusky has been appointed to the public relations committee of the Ohio State Bar Association. The appointment was made by President John C. Duffey of Springfield after recommendation by Executive Committeeman John Marsh of Delphos.

Missing Liquor Agent Plans To Appeal Ouster

COLUMBUS, Ohio (AP) — Liquor Director Anthony A. Rutkowski, returning from a two-week vacation, said today a "missing" enforcement agent will appeal his dismissal.

The agent, John L. Kocevar of Cleveland, disappeared during inquiry into a reported shakedown of permit holders to avoid phoney charges of violating liquor regulations.

Rutkowski said Kocevar had notified the Ohio Civil Servise Commission he would appeal his "automatic resignation."

Kocevar, former Canton - Portsmouth district supervisor who also worked in Toledo, was separated from his job for being absent without leave for more than 10 days. He had asked sick leave but left before officials could act on the request.

Edward J. Allen, liquor enforcement chief, said he received a letter from Kocevar postmarked from Cleveland July 29. He said the letter told of Kocevar's plans to appeal.

The office of the Civil Service Commission said it could not confirm the appeal until members returned after the weekend.

Both Rutkowski and Allen said they did not know Kocevar's whereabouts. He has been variously reported in Michigan, Canada and Cuba.

PUCO Considers Proposal for Phone Service Standards

COLUMBUS, Ohio (AP)—State utilities commission proposals that would set minimum standards for telephone service got an airing at a public hearing here today.

If adopted and carried out, the recommended standards for the first time will give the commission a "yardstick" by which it can tell whether service of any company is up to par.

Commissioner Ralph Winter, who spent much time with telephone company executives working on the the proposals, said they are designed to simplify handling of service complaints.

The standards in value such things as adequate equipment, maintenance and repair, adequate personnel and records, delayed calls, service interruptions and applications and transmission lines.

The more than 170 telephone companies would be required to adopt the standards, with some not going into effect for two years.

A commission spokesman said there have been few written objections to the proposals. When the suggested standards were announced, the Ohio Independent Telephone Assn. hailed them as being helpful both to the industry and subscribers.

The commission worked closely with the association in drawing up the proposals.

Water Show Scheduled At Galion on Wednesday

GALION—The first water show and ballet offered at the Swiss Village Club swimming pool at Galion was rained out Saturday night and will be presented this Wednesday at 7:30 p.m., owner J. A. Urban announced.

Twelve members of the Helldivers, swimming specialists, will perform diving and swimming feats at the pool located east of the Swiss Village Motel on Route U. S. 30-S. Urban said he plans to bring more shows later this year and next year. There will be no admission charge.

A special French train crew has recently claimed a railroad speed record of 138 miles an hour.

Man Sought on 2 Charges Caught in Policeman's Home

CINCINNATI (AP) — A 24-year-former Marine wanted on criminal assault and robbery charges was trapped yesterday in the one place he thought he was safe—at the home of a Cincinnati policeman.

A radio description of the ex-GI, Ronald Clark, was recognized by a policeman as the youth who has recently dated his daughter.

He telephoned home but his wife quickly shut him up with a hurried, "I can't talk to you."

Several cars were dispatched to the policeman's home, where Clark was captured.

Clark, out of the service only a few months, credited his "Marine training" for helping elude detectives earlier in the day.

He later signed a statement in police headquarters admitting he and three other youths had intimate relations with a 32-year-old woman and had taken $55 from her purse.

Announce New Way To Shrink Painful Piles

Find Healing Substance That Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In case after case, pain was relieved promptly. And, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

Now this new healing substance is offered in ointment form under the name of *Preparation H.*® Ask for it at all drug stores—money back guarantee. ®Trade Mark.

Miss Majorette Title Goes to Nebraska Girl

BUCKEYE LAKE, Ohio (AP)—Joan Posekany, an attractive blonde 17-year-old Omaha, Neb., Miss who has been handling batons since she was 4, last night was named "Miss Majorette of 1954."

She was judged best among 32 drum majorettes—including girls from 31 states and one from Canada—in the first annual contest for American and Canadian majorettes.

Runnersup were Irene Thompson, 20, of Millville, N. J., and Gayla Carson, 15, of Farmington, N. M.

Miss Posekany received a $200 cash prize and a trophy.

Judging was based on strutting, baton twirling, poise and beauty.

Only one girl represented Canada in the event. She was Marilyn Gibson, 12 of Windsor, Ontario, who braved the competition with her left arm in a heavy cast.

She told reporters it was broken in a fall from a teeter-totter recently.

Contest sponsor was the Drum Majorettes of America. The director was Victor Faber of Buckeye Lake.

Judge C. J. Randall Dies in Columbus

COLUMBUS, Ohio (AP) — Franklin County Common Pleas Court Judge Cecil J. Randall, 68, died in his home here today after a long illness.

Judge Randall had been in ill health for several years, but had not sat on the bench regularly since last September.

He was born on a farm in Jackson County and graduated from Ohio State University's college of law in 1911. He was first elected to the Common Pleas Court bench in 1930. He was reelected to full six-year terms in 1932, 1938, 1944 and 1950.

He is the second Republican Common Pleas judge to die here in the last 19 months. Judge John R. King died in January 1953.

STOLEN TRUCK RECOVERED

A truck reported stolen early Saturday morning from the home of Irvin O. Rossman of Prospect was found abandoned on Senate St. Saturday afternoon by the Marion County sheriff's office. Sheriff Glenn Obenour said the truck was not damaged.

ACROSS THE COUNTER

"To the vast majority of Americans, insurance is almost as mysterious as love." So says an editorial.

Earl J. Andrews

And it continues: "Recent polls have shown that more than 90 per cent of the people who own insurance policies neither read them nor fully understand them; 55 per cent do not know one kind of company from another; and 35 per cent forget even the name of the company that insures them." "No self-respecting citizen would willingly admit that he doesn't have a fair grasp of the automobile business, the railroads, banks and other leading enterprises that affect his existence. But toward insurance, which impinges on nearly every aspect of his daily life, he inclines to the peculiar position that ignorance is bliss." Possibly insurance is a mystery to you, but not because we want to keep it so! We'll talk about it to anyone that's interested. And our friends tell us that we often speak about it without being asked. Seriously, let us clear up anything "mysterious" or uncertain about your insurance program. If you are a client of ours, you know that is part of our SERVICE. If you are not a client as yet, we sincerely invite you to stop at our office and get acquainted.

N.Y. Stock Quotations

NEW YORK (AP)—Demand for aircrafts turned the stock market upward today though price changes were generally small.

Steels and motors were also active but irregular. Chemicals and distillers found ready buyers. Utilities held firm but railroads eased. Trading was moderately active.

Missouri Pacific preferred opened up 3¼ points at 51¼ on a block of 4,700 shares. During the session, however, the gain diminished. After the close of the market last week, the Interstate Commerce Commission approved a new reorganization plan for the bankrupt road.

Along with the aircrafts, General Dynamics was a strong issue. The company expects to participate in both the government's aircraft and shipbuilding programs, which will be stepped-up according to a statement by Commerce Secretary Weeks over the weekend.

Others showing gains included Youngstown Sheet, U. S. Rubber, Douglas Aircraft, Glenn Martin, Fairchild Engine, United Aircraft, Schnley, National Distillers, Philco, American Telephone, Con Edison, Allied Chemical, Westinghouse, Sinclair Oil, Texas Co. and Loew's.

Lightly lower were Republic Steel, Chrysler, Goodrich, Caterpillar, Radio Corp., American Smelting, International Telephone, New York Central, Southern Railway, Pennsylvania Railroad, Jersey Standard and Pan-American Airways.

Teen-Age Youths Caught InBreak-In at Garage

Two teen-age Marion youths were apprehended by city police Saturday night and charged with breaking and entering the Rankin Oldsmobile Garage on W. Center St.

At 10:08 p.m., patrolman Charles Alspach was making his rounds on a motorcycle when an unidentified pedestrian informed him he had seen two men trying to break into the garage.

Alspach went to the scene and found the large garage door at the rear of the body shop had been pried open.

He investigated and found a 17-year-old boy and one 18, hiding in the building.

Both youths were taken to police headquarters where they were charged with breaking and entering. Nothing had been taken from the garage before the officer arrived.

From 1948 to 1954, Turkish production of cereals increased from 9 million tons to 13½ million tons.

RESOLUTION NO. 3877

RESOLUTION DECLARING IT NECESSARY TO IMPROVE SHARP STREET IN THE CITY OF MARION, OHIO, BY CONSTRUCTING THEREON A CONCRETE CURB AND GUTTER ON BOTH SIDES FROM BENNETT STREET TO HAYES STREET NOW, THEREFORE, BE IS RESOLVED by the Council of the City of Marion, State of Ohio, three-fourths of all members elected thereto concurring:

Section 1. That it is necessary to improve Sharp Street from Bennett Street to Hayes Street by constructing thereon a concrete curb and gutter on both sides.

Section 2. That the grade of Sharp Street as improved shall be as shown by the Engineer's plans and profiles which are made a part hereof.

Section 3. That the plans, specifications, estimates and profiles of the proposed improvement heretofore prepared by the Engineer and now on file in the office of the Director of Public Service be and the same are hereby approved.

Section 4. That the whole cost of said improvements, less one-fiftieth and the cost of intersections shall be assessed by the foot front upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specifically benefitted by said improvement and the cost of said improvement shall include the expense of the preliminary and other surveys and of printing and publishing the notices, resolutions and Ordinances required, and the serving of said notices, the cost of construction together with interest on notes and bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

Section 5. That the assessments so to be levied shall be paid in ten (10) semi-annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; provided that the owner of any property assessed may, at his option pay such assessment in cash within thirty days after the passage of the assessing Ordinance.

Section 6. That bonds of the City of Marion, shall be issued in anticipation of the collections of assessments by installments in an amount equal to the cost accessed by the foot front referred to in Section 4 hereof, and notes of said City shall be issued in anticipation of the issue of such bonds

Section 7. That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersection together with the cost of any real estate or interest therein purchased or appropriated and the cost and expenses of any appropriations proceeding therefore and the damages awarded any owner of adjoining lands and interest thereon, and the costs and expense of any such award shall be paid out of the General Fund

Section 8 This Resolution shall take effect and be in force from and after the earliest period allowed by law.

Crawford County Opens Series of Nearby Fairs

"Fair weather" has arrived again and there's a familiar stirring at the fairgrounds in Marion's sister counties

August will find two of the six neighboring counties in the midst of fair activities, while the majority of the programs will take place sometime in September.

In addition to the county fair programs, the village of Richwood will sponsor its three-day independent fair Sept 4, 5 and 6

First of the area county fairs will begin Tuesday at Bucyrus when Crawford County will present its five-day fair with night harness racing scheduled for the first time in the fair's 106-year-old history Four racing sessions are scheduled an afternoon session on Wednesday and racing under lights on Thursday, Friday and Saturday nights There will be four events at each session with purses totaling $9 750

THE NEW JUNIOR FAIR building will be put into use for the first time Livestock judging in the building which features a livestock judging area will include Wednesday, Aug. 5, steers and sheep Thursday hogs, beef cattle, poultry, rabbits, and Friday, dairy cattle

The opening day's events include a tractor pulling contest in the afternoon and the Lucky Lott Auto Thrill Show at night There will be harness racing Wednesday afternoon and the WLW Midwestern Hayride in the evening Thursday's No 1 attraction will be in the inauguration of night racing On Friday afternoon there will be the annual Junior Fair livestock sale and racing in the evening A livestock and machinery show and parade will be held Saturday afternoon and the concluding racing program at night

The speed program includes Wednesday afternoon 30 trot, 30 pace, two-year-old trot and two-year-old pace Thursday night, 18 trot, 17 pace, 22 pace and 22 trot, Friday night, 16 trot, three-year-old pace, three-year-old trot, free for all pace, Saturday night, 20 pace, 20 trot 25 pace and 25 trot The free for all pace carries a $750 purse All other events have $600 purses

A feature of the livestock exhibits will be the annual North Central Ohio District Red Poll Cattle Show It is jointly sponsored by the Red Poll Cattle Club of Ohio, the North Central Ohio Red Poll Cattle Club and the fair board Roy Truster of Collinsville, O will judge the entrants on Thursday afternoon.

RICHARD SHEALY, Liberty Township farmer, is president of the Crawford County Fair Board and James F Gebhardt of Lykens is secretary

The Morrow County Fair will start its 104th annual program on Aug 15 at Mount Gilead to run through Aug 21 The fair will actually get underway on Aug 17 when a free pony show at 8 p m in front of the grandstand will inaugurate the activity Night shows will also be featured on the following nights except Saturday On Wednesday, Aug 18, the WLW-TV Review will be the feature, Thursday Lucky Lee Lott and his auto thrill show and Friday, Kline's Circus Review

The harness racing program will start on the second day of the Morrow fair and run through Friday and Saturday. Races will start each afternoon at one o'clock with four events scheduled daily Total purse of the 1954 fair will be $5,200

On the opening day of a full program Wednesday, Aug 18, a tractor pulling contest with prizes totaling $280 will get under way at 9 a m On Thursday, the Ohio State Hereford Show judging will be the feature, while on Saturday during the Junior Fair program, the healthiest boy and girl will be chosen to vie for state honors Style reviews to be presented by county 4-H club members will also be featured

Other features of the fair at Mount Gilead will be the traditional Grange, 4-H and FFA displays, produce and farm machinery exhibits

WYANDOT COUNTY FAIR week will open at Upper Sandusky on Sunday night, Sept 12, with a county-wide religious service in the grandstand at 8 15 o'clock Rev. Norman Somerville of Galion will be the guest speaker having been selected by the county ministerial association. Rev K R Roberts of Nevada will have charge of the Hall of Religion which will be open throughout fair week

Monday, Sept 13, will be devoted to setting up displays and booths, while actual judging will start on Tuesday Junior Fair Day will be held on Wednesday

The grandstand program Saturday will include the grand parade of all stock, machinery and floats and tractor pulling contests for light, medium and heavy machines

Harness races will be run on Wednesday, Thursday and Friday afternoons

The night programs, Sept 14-18, will include Tuesday amateur home talent show, Wednesday, Junior Fair program; Thursday, an animal show, Friday, WLW Midwestern Hayride, Saturday, the Congress of Canadian Daredevils

The Union County Fair at Marysville, Sept 15-18 will be followed the next week by the Delaware County Fair which will open Sept 20 and end Sept 24 The Hardin County Fair at Kenton will round out the area fair programs with events scheduled from Sept 27 through Oct 1

Nationalists Hit Portuguese India

BOMBAY, India (AP)—Nationalists took over another chunk of Portuguese India yesterday, marching 3,000-strong into the little town of Selvassa, 100 miles north of Bombay

Reports reaching here said the pro-Indian group, spearheaded by the nationalist Goan People s party, overwhelmed the town's police and seized their arms

Selvassa, a town of 5 000, is headquarters of the Portuguese colonial district of Nagar Aveli Nationalists seized six other villages in the district last Thursday

India demands that the Portuguese pull out of their small holdings on the subcontinent but Portugal has refused to discuss the issue.

BIG USED CAR LOT

Cor. EAST CENTER and GREENWOOD STS. Telephone 2-3139

Phone 2-3139 For An Appraisal

Look at the 3-way bonus you get in the car that's sweeping the nation!

1. You get the car that's styled for tomorrow—

and for only $2247.35* delivered locally!

In Buick today you find the fresh modern beauty that will pattern the styling of other cars yet to come. That's a major reason for Buick's soaring success this year. But note the low delivered price shown here—that's the clincher. No other car at so low a price gives you this advanced styling—plus Buick's great room, comfort, ride and V8 power.

*2 door 6 passenger SPECIAL Sedan Model 4BD Illustrated Optional equipment accessories state and local taxes if any additional Prices may vary slightly in adjoining communities due to shipping charges All prices subject to change without notice Even the factory installed extras you may want are bargains, such as heater & defroster . . . only $81.70

2. You get the car that's a sure high-resale value

Of this you can be sure: the new Buick you buy today will look modern next year, too—because that broad panoramic windshield will be appearing on other cars as a 1955 feature. So with the new Buick you buy now, you'll stay right up in the style parade for years to come—*and command a higher resale price when you trade it in.*

3. You get a bigger allowance from our volume business

Regardless of price class, *Buick today is outselling all other cars in America except* two *of the "low-price three."* That's fact. So with this tremendous sales volume, we can offer you a higher trade-in allowance when you buy a new Buick. Come in, see and drive Buick the beautiful buy. Then see for yourself how our volume business means a far bigger allowance for you.

Refueling of Flying Jets Is Completed Quickly

FARMINGDALE, N. Y. (UP) — Some of the American drawing-board wizardry that has gone into development of in-flight refueling for single-engine jet fighters has just been revealed by engineering researchers of Republic Aviation Corp.

When the pilot of a Republic F-84F Thunderstreak tells a tanker plane to "fill 'er up," here's what happens:

A system of valves, tanks and pipes accepts jet fuel at hundreds of gallons a minute, distributes it from one intake point to more than a dozen tanks all over the airplane in such a way that all tanks become filled at about the same instant, and completes the entire process in two and one-half minutes.

Republic F-84's equipped with this system are the first U. S. Air Force fighters revealed as being capable of in-flight refueling.

Low-cost "broad coverage" HOSPITALIZATION is available to... INDIVIDUALS!

Here's the protection you've always wanted—at very low cost!

Your whole family can be protected under the low-cost WHITE CROSS PLAN

☆ PROTECTS ENTIRE FAMILY

Low rates and broad coverage of the WHITE CROSS PLAN make it possible for you to include every member of your family without joining a group.

☆ USE ANY DOCTOR OR HOSPITAL YOU WISH

Under the WHITE CROSS PLAN you're free to select any hospital you wish—to use your own family doctor, or to call in a specialist if one is needed. We send the money to your hospital, doctor or YOU, as you direct.

☆ YOU NEEDN'T BE A BED-PATIENT TO COLLECT YOUR BENEFITS

You get cash payments when doctor treats you in his office or at your home. Even money for "out-patient" treatment when you need X-rays, laboratory work and other hospital services.

☆ TAKE ALL OR ANY PART OF THIS PLAN

You decide just what protection you want. You take as much or as little of the Plan as you wish. Even if you have hospitalization or some other insurance plan, you can secure *additional* protection and *extra* benefits under the WHITE CROSS PLAN.

☆ NO "PRO-RATING"

Under the WHITE CROSS PLAN you are paid *in full* in accordance with the benefits specified in your policies. Payments are never reduced if you have some other insurance plan that pays part of your bill.

☆ NO FINE PRINT!

The cash payments described here are only a condensed outline of the many benefits available under the WHITE CROSS PLAN. You'll find *all* the benefits, liberal terms and conditions clearly stated in big legible type in the policies. Accident benefits begin immediately from date of policies. Sickness benefits cover all illnesses originating after policies have been in force 30 days, except those few plainly stated in the policies. Read the policies carefully so you will understand exactly what benefits you have as a policyholder.

You can get up to $1500 for hospital bills

Under the WHITE CROSS PLAN you can get from $4 to $15 a day (depending on room rate stated in your policy)—up to 100 days for *each* different sickness or injury, for *each* member of your family. Choose any hospital you wish. (P85)

PLUS up to $200 A MONTH WHILE DISABLED Just for household expenses!

You decide in advance—at the time you apply for your policy—how much you will need for rent and groceries, when disabled and unable to work. You can get from $50 to $200 a month—depending on amount stated in your policy. Up to a full year for sickness and up to *two* years for injury—even after you leave hospital and are recuperating at home under physician's care! (P16)

PAYS AS MUCH AS $250 for "extras"

You get cash for many hospital services not ordinarily covered. Hospital-surgical policy provides full cost of operating room and anesthetics; specified amounts for X-rays, drugs, dressings, medicines, etc. Medical-surgical policy further provides specific sums for iron lung, oxygen, electrocardiograms. (P85-P89)

Specified Cash Payments for DOCTOR BILLS Up to a Total of $150

For each illness or injury

Under the WHITE CROSS PLAN you're covered for doctor treatments at home, doctor's office or hospital. Benefits begin with first treatment for injury, third treatment for sickness. Use any doctor. (P89)

$5 to $250 for SURGICAL FEES

by combining surgical benefits available in the policies, you can get up to $250 for surgery performed on any member of your family. Fractures, excisions, sinus, mastoid, hemorrhoids and many more are covered. Even $5 for stitching a bad cut. Each policy lists amounts for various operations. (P89-P85)

Maternity Benefits

You can get up to *ten times* the daily rate in your hospital policy for childbirth or any complications of pregnancy or miscarriage . . . and $50 additional from medical-surgical policy. (*After* you've been a policyholder for nine months.) (P85-P89)

SPECIAL POLIO PROTECTION pays up to $5,000 per person

Under the WHITE CROSS PLAN you can be protected against the staggering expenses of polio by policy "rider" that provides up to $5,000 for HOSPITAL • DOCTORS' FEES • NURSING • IRON LUNG, etc.

ONLY 25c per month, per person

Costs you nothing to find out about this LOW-COST protection

Now, while you're well—before you're faced with unexpected doctor and hospital bills—find out about this Plan that protects your entire family at such low cost. Send the coupon today for FULL information. It costs you nothing. There is no obligation. See for yourself why five million persons have made this the fastest-growing plan in America. It takes only a minute to mail the coupon, but it can save you money that would take you *months* to earn. Do it NOW.

Up to $4,000 for Accidental Death!

Under a special provision in the disability income policy of the WHITE CROSS PLAN your family can get $1,000 to $4,000 in case of accidental death—money that can help cushion the financial loss. (P16)

Low rates, cash benefits and prompt payment of claims makes the famous White Cross Plan the fastest growing Plan in America

Hotel Marion Purchased by Dayton Couple

Mrs. Grace K. Marty today announced the sale of the Hotel Marion to Mr. and Mrs. Al Lahman of Dayton. She had operated the hotel for 28 years.

The hotel is a four-story brick building with 90 guest rooms, cocktail lounge, dining and party rooms.

Lahman has been assistant manager of the Van Cleve Hotel in Dayton, and formerly owned and operated the Hotel Ingalls in Bellefontaine. Many improvements are to be made by the new owners, including re-opening of the dining room, Lahman said.

The buyers were represented by Walton Holmes, Columbus hotel broker, and the seller by Lou Hayes of the M. A. Gire Co.

The Hotel Marion is a member of the Ohio Hotels Association and the American Hotel Association.

Warren Woman Dies In Sailboat Accident

CLAREMONT, Va. (AP)—A 54-year-old Warren, Ohio, woman died yesterday when a 40-foot sailboat capsized during a storm in the James River near here.

The victim, Mrs. Frances Lenore Porter, and three other persons grabbed a mast after being thrown from the boat, but Mrs. Porter lost her grip and slipped off.

Miss Elizabeth Willard, teen-age daughter of Alexandria City manager Ira Willard, spotted the four sailboat occupants in the water. She and a male companion, whose identity was not immediately known, maneuvered a rowboat through the rough water to rescue Mrs. Porter's son, William A. Porter of Warren; his wife and E. Earl Porter of Arlington, brother-in-law of the drowning victim.

A scale model of the earth eight inches in diameter would appear to be smooth.

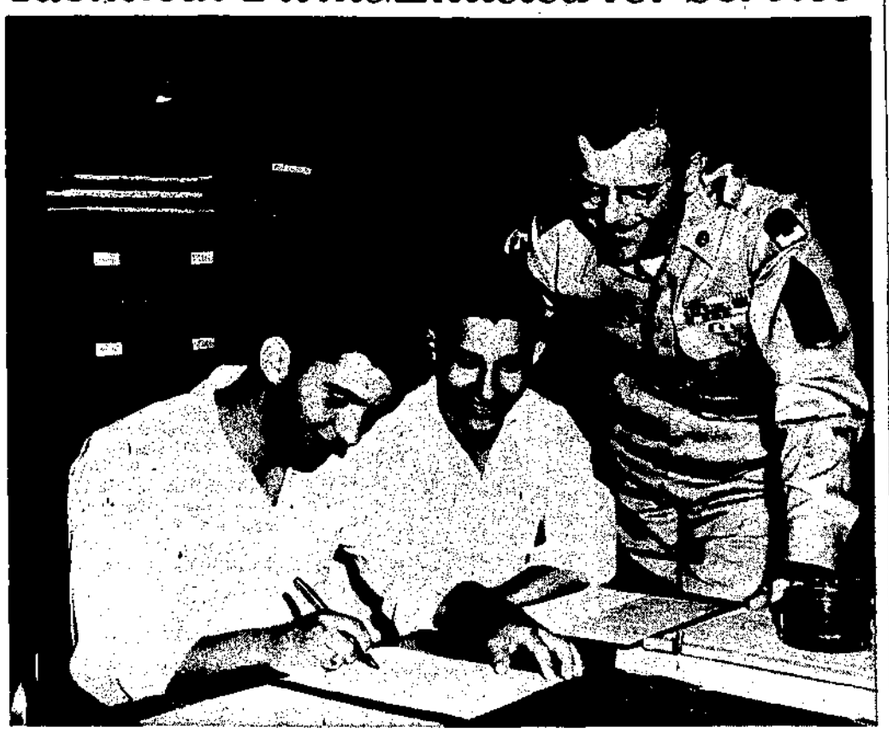
Identical Twins Enlisted for Service



PERSONNEL AT FT. HAYES in Columbus today may begin thinking they're seeing double when they help process identical twins George Edward and John Francis Doles of Iberia. The two Morrow County youths, who will be 19 Christmas eve, will be sent to Ft. Knox, Ky., for their basic training in the Quartermaster Corps. They are the sons of Mr. and Mrs. Clyde Doles of Iberia and were graduated this spring from Iberia High School. Looking on while George signs his enlistment papers are John and Sgt. Frank Lockman, Marion Army recruiter.

Three Crawford Suits Over Livestock Settled

BUCYRUS — Settlement and dismissal of three of the numerous suits filed in Crawford County Common Pleas Court over the livestock deals involving four Bucyrus residents, was announced today.

Principals involved in the actions included the late John E. Faulkner, H. E. Sherk, Elger J. Pfleiderer and LeRoy McNutt.

The suits dismissed included the $19,416 action brought by Pfleiderer and McNutt against H. F. Place, Galion, administrator of the Faulkner estate; the $29,209 action of Pfleiderer against Place as administrator of the Faulkner estate and the $36,798 action of Place, as administrator, against Pfleiderer and McNutt.

All three suits resulted from sales of livestock back in 1946 and early 1947 by an alleged partnership of Faulkner and Sherk. The partnership later was denied by Faulkner in the course of other suits filed against him.

Pigeon Honored For Her Role in Freedom Crusade

NEW YORK (AP) — A star campaigner in the 1954 Crusade for Freedom has arrived from Europe. She is Leaping Lena, a German carrier pigeon credited with having flown an anti-Communist message through the Iron Curtain.

Lena flew here from Munich yesterday — by airplane, this time — and will be used as an insignia and poster model for the crusade to raise money for Radio Free Europe.

In a race between two German cities last month, Lena got off course and was apparently found by a man in Pilsen, Czechoslovakia. Two days later, she arrived home in Germany with this message tied to her leg:

"We plead with you not to slow down in the fight against communism, because communism must be destroyed." It was signed, "Unbowed Pilsen."

Crossed-eyes in children can be corrected in 90 per cent of cases, medical authorities say.

Rhodes Issues Blast

COLUMBUS, Ohio (AP)—More attention should be paid to rehabilitating the state's mentally ill, James A. Rhodes said yesterday. He accused Gov. Frank J. Lausche of having a "rooming house" policy towards the state's mental health program. Rhodes, Republican candidate for governor, opposes Lausche who seeks a fifth term this year.

Wives Hold Key

Home Life Major Factor In Success of Salesman

By SAM DAWSON

NEW YORK (AP)—You know about the farmer's daughter. But how about the salesman's wife?

The way she reacts to her husband's irregular hours, to those sudden calls out of town, can lead to tiffs at home. Unhappy home life can put a salesman in a most unselling frame of mind.

In this competitive era, perhaps companies are underestimating the power of the salesman's wife.

Wives Need Briefing

They may train the salesman carefully, yet undo it by failing to brief the wife on the nature of his work, the reason for irregular hours, the value of sales conferences ("they're more than just cocktail parties").

A poll of 13,513 salesmen's wives across the land, made over a two-year period by the Research Institute of America, shows them picking the salesman's job as the most frustrating. Only 9 per cent of them would advise their sons to follow in their dad's footsteps.

As for that gambit about the farmer's daughter, the usual comment by the salesmen's wives is: "Out-dated, unfair, boring — the profession has been worn out with jokes."

Many wives complain about long separations and say: "Have him near home at least one week a month." One adds: "We can't afford two cars and when he is on the road, I'm stranded."

Of life with the salesman at home, the wives offer this common complaint: "The crush of paper work at night takes time that should be spent with his family."

Ask Cooperation

A third of the wives ask for better cooperation and understanding of their husband's work by his employers. One out of eight plugs for better merchandise delivery and improved service—perhaps echoing gripes they heard from their spouses.

A large number urge added sales help in the form of more advertising

Some wives want to go along on the selling trips. Many ask to be included in the serious sessions of a sales conference. One notes that at the home office, "Secretaries are included in social functions but never the wives."

The wives rate their husbands' job in comparison with other kinds of work this way: The greatest number choose engineering work as providing the most security—and newspaper reporting as the most interesting (but they gave it a security rating of exactly zero).

They credit salesmanship with paying the most money and giving the highest rewards in accordance with ability and efforts.

More than half of the wives think salesmen encounter discouraging experiences more often than other employes. Less than half would like to see their husbands spend the rest of their lives selling.

Opportunity at Top

They rank opportunity for advancement as the most important thing about a job, security as second. The younger ones dislike the uncertainty of income from commissions — the older ones say it averages out okay.

One third of the wives declare their husband's success is due to his selling ability; another fourth credit it to his hard work. Only 3 per cent think the reputation of his company has anything to do with it.

What should companies do for better salesmen relations?

"Stop the intelligence - insulting sales pep talks," one wife urges "Take sales out of the realm of mumbo-jumbo and the fast shuffle."

Another has a quick solution: "Fire three-fourths of all the bosses and start over."

Huk Bandits Raid Philippines Village

MANILA (AP) — Forty bandits, reported to be Communist-led Huk dissidents, raided San Jose, 80 miles north of Manila, last night

Philippine News Service said the raiders looted about 20 homes and kidnaped a policeman and a civilian

The outlaws were reported to have distributed leaflets urging the inhabitants to cooperate with them in their "fight against American imperialism."

Passers-By See Thieves Loot Store of $15,000

WILLIMANTIC Conn. (AP) — Passers-by watched last night as three men carried 250 suits out of a clothing store, loaded them in a car with Rhode Island tags and drove away.

Police said it wasn't the routine mercantile transfer the witnesses thought. The burglars got away with merchandise worth $15,000.

Listings Available On Federal Buying

Additional information will be contained in the daily "Synopsis of U. S. Government Proposed Procurement, Sales, and Contract Awards" within a few weeks, the Chamber of Commerce announced today.

The Chamber, which is the only agency in town to handle the listings of prospective purchases of the government, says the Synopsis will begin to carry notices of government sales of surplus materials, both military and civilian.

Under the present system, businessmen can obtain information on what the government buys and the closing date for procurement so that the prospective bidder may have sufficient time to make his bid.

The new Synopsis will not only contain that information, but also will have listings of the surplus sales of over $25,000 worth of civilian goods, and of sales over $250,000 worth of military materials.

The Synopsis is available for use at the Chamber office and is part of the service offered through the Cooperative Office Plan of the Department of Commerce.

Hazard of the Chase

BALTIMORE (AP) — A hit-and-run driver banged into 13-year-old Herman Johnson yesterday and knocked him from his bicycle.

When the driver of the car made a U-turn and headed the wrong way down a one-way street, Herman jumped back on his bicycle and gave chase.

Peddling furiously, he forgot to look where he was going and crashed into a parked car. He was treated at Provident Hospital for a broken elbow.

John Ruth Assumes Duty As Marion City Engineer

A Marion man's 50-year dream was fulfilled today as John V Ruth of 211 Bain Ave officially took over his duties as City Engineer

It was as a boy of 12 that he first thought he would like someday to be city engineer He had paid a visit to the Marion city hall and the engineering department and "was impressed with the work of the engineers"

NOT TOO MANY YEARS later in 1914 he joined the department and has been employed there almost continuously since then

His opportunity to move into the job he had long looked forward to came a little over two weeks ago when Thomas S Cathers, city engineer for 36 years since 1918 announced his resignation effective Aug 1

At the same time Mayor Harold F Robinson announced the appointment of Ruth to the position of city engineer and said that plans were for Cathers to take a two-week vacation after which he would be asked to remain in the city employ as a member of the engineering department His duties would be to "man" the engineering office while City Engineer Ruth and his assistant Thomas Taylor were out doing "field work"

In addition to his long-time association with the engineering department Ruth twice served as city safety-service director The first time was in 1936 when he became the first to hold the combined title of safety-service director Previous to that time the two positions were separate with a director for each department The second time was in 1944

RUTH WAS ALSO out of the engineering department during World War I when he was "loaned" to the War Department to do some map work both in Marion and at Camp Sherman From 1918 through 1919 he also served with the Army 309th Engineers in France

After his war service he returned to Marion and the city engineering department where he remained until his appointment as safety-service director In 1937 he went to Galion and served as chief engineer there until he again returned to the Marion engineering department in 1939.

His only other absences from the department were in 1944 when he served his second term as safety-service director and 1942 through 1943 when he was again loaned to the War Department for map and survey work

A registered civil engineer and surveyor he obtained his engineering knowledge through night school classes and home study courses

BOTH HE and Mrs Ruth are members of the Calvary Evangelical and United Brethren Church He is also a member of the Men's Brotherhood at the church

Always interested in civic affairs he has served on several committees such as the Community Chest and other civic organizations He presently is chairman of the Citizen's Traffic Survey and Grade Crossing Elimination Committee

He and Mrs Ruth have three children One son, Jack is a deputy in the county engineer's office at Riverside, Calif, another son

Pacific Border Incident

The three governments involved in aerial friction over the South China Sea are deeply aware of what is involved — the freedom of the air over Asia's coastline.

Britain has been affronted with an attack on an airliner of British registry. Communist China, the attacker, apologized for the attack and was affronted, in turn, by an attack on two of its planes by the United States. This was in retaliation for a Chinese attack on U.S. planes while they were helping to search for survivors of the Chinese attack on the British airliner.

The United States and Britain will do everything in their power to protect freedom of the air over Pacific waters. This is the first time there has been any question about freedom of the air or the seas in the Pacific since Japan's surrender in 1945. Eventually, the rising power of the Chinese Communists will manifest itself in attempts to assert control of China's vast Pacific "border."

This could be a formidable problem, if the Chinese Communists continue to cooperate with the Soviet Union. Russia possesses a large submarine navy and is known to possess a even stronger air force.

"Border incidents" will become common if the attempt is made by China and Russia to dominate the coastal waters of Asia and the air above them. The attempt assuredly would have been made sooner than later if the United States had been slow to retaliate against the first overt attack on a western plane.

Phenix City for Example

Alabama National Guardsmen sent to Phenix City to take over a local government dominated by the organized vice which is the town's main means of support are in a good spot to understand something which puzzles most Americans.

What is wrong with a little gambling and some of the shadier forms of recreation now and then

Phenix City has been in the business of offering commercialized vice to the young men who undergo infantry training at Ft. Benning, Ga., across the Chattahoochee River. It has been a big business. Being a big business, it had become an organized business.

The organizer got bigger than the local authorities responsible for keeping things under control. Last June, they felt they were big enough to assassinate the attorney-general-elect of Alabama, who had promised to trim them down to size. Since then, they have been big enough to keep anything from being done about his murder.

That is what is wrong with gambling and some of the shadier forms of commercialized vice. They are enormously profitable. The kind of people capable of preying on the weaknesses of other people for profits are not bound by scruples. When vice becomes organized under their heavy-handed rule it becomes bigger than government. It turns into a reign of terror that is the equivalent of anarchy. It is a problem in government.

Organized vice is also a moral problem, but moral problems must be solved on a personal basis. Problems in government, however, are a collective responsibility. Alabama's National Guardsmen, called out to dissolve a reign of terror, are paying the price for years of neglect in Phenix City.

Time Will Tell

The United States News & World Report has rounded up all the security measures taken by the Pentagon since the case of former Maj. Irving Peress showed how subversives might become officers in the armed services, serve without detection and be given honorable discharges.

A known Communist cannot wear a military uniform now as a draftee, a volunteer, or an officer. Whether or not this regulation may be taken advantage of by draft dodgers remains to be seen.

Communist sympathizers now may be discharged if found to be poor security risks. Men who refuse to answer questions about their feelings toward the Communist conspiracy may be denied commissions even though they have professional skills and made to perform the duties of enlisted men. Or they, too, may be discharged if found to be poor security risks. Time will tell how these measures, representing the Pentagon's best thought on the problem of security, will work out. A lot of legislative, administrative and judicial thought had gone into the problem before the Peress case.

Something that never got the attention it deserved was the fact Dr. Peress was drafted and promoted from captain to major, despite his use of the fifth amendment to evade answering questions about his sympathy for communism, because of specific acts of Congress. The Department of the Army thereafter was guided in its handling of his case by Federal Court rulings in a similar case that had been affirmed by the U. S. Supreme Court. Otherwise, Dr. Peress would have continued to be what he was before 1950—an obscure Brooklyn dentist too old to be drafted practicing his profession without the interruption of a military interlude he did not seek. It was never his idea to become a point of controversy.

Fifth Amendment

By James Marlow

Brownell's Solution Gets Mixed Reaction

WASHINGTON (AP) — The witness who cites the Fifth Amendment and clams up — one of the biggest stumbling blocks to Congress' investigation of communism—may remain a stumbling block.

Atty. Gen. Brownell offered a solution: pass a law to make a Fifth Amendment witness talk by promising him immunity from federal prosecution. There is no such law yet.

And if Congress did pass such a law — in the short time it has left this year — the Supreme Court might throw it out as an unconstitutional device to get around the Constitution's Fifth Amendment.

For years Congress has been helpless when a witness, asked about Communist connections, says: "I stand on the Fifth Amendment and refuse an answer on the ground it might incriminate me."

—:—

THE AMENDMENT says among other things that a man can't be forced to give testimony against himself. But, since there's no crime in just being a Communist, how can a witness say he might incriminate himself?

He can argue that someday the government might want to prosecute him under the Smith Act, passed in 1940, which makes it a crime, not to be a Communist, but to teach forcible overthrow of the government.

The government already has tried, convicted and jailed a number of Communists under the Smith Act and, undoubtedly, it is far from through bringing others to trial.

The actual words a witness used in answering a congressional committee could never be used against him later at a trial. But his words might provide leads to evidence on which the government could try him as a Smith Act violator.

Brownell suggested:

1. A law under which the attorney general — Brownell or his successors — could promise a witness he'd never be prosecuted for any offense in relation to which he answered committee questions.

Thus a Communist, once he was guaranteed immunity, could answer questions even to the extent of teaching forcible overthrow and never afterwards be prosecuted for violating the Smith Act.

2. The attorney general alone should have the right to decide who should, and shouldn't, be granted immunity as an inducement to talk. Brownell's reasoning on that point goes like this:

As chief law enforcement officer the attorney general is always in a better position to know, in the case of any individual witness, whether the public interest is better served by granting him immunity from a future prosecution.

3. Once a witness was promised immunity he could no longer use the Fifth Amendment as an excuse for not answering. Since that amendment was intended to protect a man against being forced to incriminate himself, a promise of immunity would make the protection of the Fifth Amendment unnecessary.

The argument is that if a witness, after receiving a guarantee of immunity, still refused to testify he could be jailed for contempt of Congress. The first witness who spurned immunity, still refused under the Fifth Amendment to answer questions, and was jailed for contempt, would no doubt take his case to court.

The court then would have to rule on whether Congress could pass a law to get around a constitutional amendment. The court might rule, for example, that the law was invalid because it could not grant immunity from prosecution in state courts.

In Congress there was mixed reaction to Brownell's proposal. Some members said that letting the attorney general decide who got immunity was too much power for one man. Someday an attorney general might use it for bad purposes.

—:—

THE SENATE last year passed a bill which would let Congress, not the attorney general, have final say on who got immunity.

Last week, after sitting on the problem a year, the House Judiciary Committee approved a bill similar to the Senate bill. Although it says a federal judge would grant the immunity, not Congress, it would actually be Congress which recommended when and to whom to do the granting.

But there was this difference: while the Senate bill would make it possible to give immunity to anyone involved in any kind of crime, the House committee bill would limit the immunity guarantee to subversive cases only.

Even if the House should pass this bill before it quits, there could be no law on the subject unless House and Senate worked out their differences. There isn't much time left for that.

Growing Old Gracefully?

By TRUMAN TWILL

After reaching 30, everybody has a furtive interest in advice about growing old gracefully. The patient begins to test his mental knee jerks and make unflattering comparisons of his own ebullience with the drab behavior of the zombies who are ahead of him.

It says here that the New York State joint legislative committee on problems of aging lists 10 common mistakes made by people who have gone over the hill and are disappearing into the valley.

They either are unwilling to slow down, it says, or they slow down all at once, which is just as bad. That one can be checked off. I am willing to slow down anytime. If it's bad to slow down all at once, I promise to be gradual.

No. 2. The old gaffers quit trying to help others. This is a hard one to determine, but I think it can be checked off because, not having been much of a Samaritan in the first place, I should be able to keep going at the same rate.

The third one, however, is alarming: A tendency to live for the past instead of the future. Nuclear fission has had a lot to do with my feeling about the future. It keeps getting harder to drool about the future when so many people who are in a position to know say it may be poof. . . there goes civilization. This has become everybody's problem.

Failure to prepare in advance for retirement is next, and on this one I am in tip-top shape. I have a master list of 43 things to do, each of which will occupy a year. If retirement occurs at 65, I will be 108 and ready to take up water polo before time hangs heavy.

Failure to adjust to the younger generation is next. It's hard to tell about this one. Grandchildren undoubtedly help. Also a firm conviction that each generation gets better, instead of worse, which is a matter of optimism.

Sixth in the list is failure to have outside interests. Here could be a worrisome one. I have never known what constitutes an outside intrest as opposed to an inside interest. But if it means an unlimited capacity to be interested in what the boys in the back room just had or intend to have. No. 6 can be checked off too. I am interested in that.

The next one is failure to sustain independence of spirit. This has something to do with getting your ears pinned back so often they stay that way without pins. But most of the old guys and dolls I know are crusty characters who have learned the hard way to stand up for themselves because they know no one will stand up for them.

Failure to adjust to income level of later years is No. 8—and that could be a headache. But since most aging parties have been adjustable, income-wise, throughout their lives it's unlikely they will lose the knack in the home stretch.

Failure to learn something new is next to the last of the common mistakes. This refers to age tendency to let things slide. But if things didn't start to slide long before old age sets in as a recognizable situation, they probably won't slide much when it's time to turn to geriatrics.

The last mistake sounds silly—failure to face reality. There are people who will not call reality by its right name but failure to face it surely is not a common mistake. More often, the mistake is failure to understand that reality is composed of equal parts of fact and fancy—the one to balance the other.

If the New York State joint legislative committee doesn't mind, the best way to grow old ungracefully is to become obsessed with reality. You might as well pull up rose bushes to scrutinize the roots instead of enjoying the blooms. Roses, too, are part of reality.

The terrible menace in a current horror motion picture is giant ants, as huge in proportion to man as man now is to the ant. But the idea has its attractive side, too. Think of how much fun it would be to spoil their picnics.

Ike's Dinners Top-Level 'Bull Sessions'

By Martin S. Hayden

WASHINGTON

If you are a male, tops in your chosen line, and talkative, you may one day get a note to drop around to the White House for a dinner and argument with the President of the United States.

About 500 assorted gentlemen—some of them amazed Democrats—already have had bids to the thirty super-exclusive stag dinners Dwight D. Eisenhower has given since June, 1953.

For the 50,000,000 presumed eligibles not yet included but still hopeful, here's a report on what will happen if you make it in the future:

First off, there's no use trying to "put on the fix" to speed an invitation. The man in the White House is touchy about these affairs and, if you are remotely under consideration, your name will go off the list when he hears you have written your congressman, suggesting that the check you sent the GOP last year should be worth a piece of White House bread.

—:—

SO JUST SIT BACK and hope Mr. Eisenhower will think of you. If he does, you'll get a personal note about three weeks in advance.

"If you have no other engagement that will interfere," it will begin, "I would like to have you attend an *informal* dinner at the White House at 7:30 p.m. on . . ."

The note will casually mention you can dress as you please but you are supposed to catch the subtle hint in the President's mention during this warm season that "I will be wearing black tie and a summer dinner jacket."

At the White House gate just tell the guard you are having dinner with the President. He'll check your name off a list and, if it has not happened before, you'll feel that you have "arrived" in the world when he salutes you up the curved drive.

An usher will escort you to the President's study on the second floor where you'll meet the man that invited you, plus 14 to 19 fellow guests.

—:—

FOR A HALF HOUR, if you want them, cocktails are available. Then the President leads the way to an oval table in the state dining room. Under each place card is a small cardboard box containing a presidential superstition designed to break the ice.

In the box is a tiny pen knife of watch-chain size with a new penny taped to it. Mr. Eisenhower explains you are to toss back to him the pennies in payment for the knife he is "selling" you. That accords with an old frontier day rule that you mustn't "give" a cutting edge as a gift.

The menu will be designed for masculine taste. Cold melon, thick steaks, french fried potatoes, two vegetables, a tossed salad and apple pie was a typical recent menu. Sometimes the guests get a special Texas treat—Himalayan pheasant—a deep-breasted fowl that knowing southwesterners refer to as "chuckers."

But the talk, and the folks you meet, may make you forget the food.

The President innovated the dinners for two reasons. He wants those he considers leaders in their fields to hear about his problems and, more important, he wants to pick their trained brains. He invites disagreement and controversy and a study of guest lists of the past indicated he should get it in what have been called "the highest-level bull sessions in history."

—:—

A COMPOSITE of the guest lists would include CIO president Walter Reuther and Gen. Douglas MacArthur, Herbert Hoover and Dr. Frederick D Patterson, the distinguished Negro president of Tuskegee Institute. The man next to you may be Sam Goldwyn of the movies or Earl Blaik, the West Point football coach. He may be a railroad president, a toy or clothing maker, a newspaper publisher or correspondent, Francis Cardinal Spellman of New York, a Jewish rabbi or John L. Lewis. Henry Ford II has been there and so has Allan B. Kline, president of the American Farm Bureau Federation.

After dinner the "bull session" moves back to the study. Everybody has to stay until the President has "had enough" but, unlike formal receptions and dinners, he doesn't just get up and walk out as a signal that the evening is done. Instead, he lets the talk go on until it dies down and somebody suggests that it's time to go. At times that has been as late as 12:30 a.m.

A final admonition to the hopeful guest after you leave, keep quiet about what has been said. Nobody announces it but somehow the idea gets around and to date nobody has talked outside about what they heard at the President's table.

Give It Back to the Kids

By Frank Tripp

Well, I asked for it—and I got it. The works from folks who think I'm nuts about the Fourth of July; oldsters who don't think it important to restore Young America's day, like The Fourth used to be.

Some letters read like my Fourth of July column advocated wholesale slaughter of children via every known means from arsenic to atom bomb. Between the lines, most of the dissenters just seek their own comfort—fear the return of that 4 a.m. cannon cracker under their bedroom window.

None of them appeared to catch the idea that we have robbed our children of an impressive means by which to instill in them an undying love and understanding of their country, and why they are free.

That is the trouble with reformers. They destroy something because of its faults, then fail to replace the virtues which it possessed. Exactly that happened to the kids when fireworks were taken away from the Fourth of July.

—:—

FOR A CENTURY or better nobody got hot and bothered about the din or dangers of the ancient and accepted celebration of Independence Day. The hurrah survived the days of cautious and exacting people, of generations which didn't take to the roads and murder five or six hundred on the highways of a holiday.

All went well and The Fourth stayed glorious until the development of explosives advanced from gunpowder to dynamite and TNT; until a tiny firecracker, the size of a thumb, became as powerful as a rock blaster's charge.

So, the jittery launched a finally successful crusade to ban the whole works because a part of it was, admittedly, dangerous.

—:—

WE SUCCESSFULLY control a lot of things at their source of manufacture and distribution without eliminating them entirely. We save the parts that serve a purpose and are safe.

As long as I can buy a lead pencil, I'll make it write that kids didn't have to be deprived of their greatest enthusiasm, next to Christmas, because a part of their noisemakers became lethal.

The good old gunpowder firecracker, that we used to tie by the bunch to dogs' tails, even exploded in our hands, never brought more than a thrashing as penance. The harmless pin wheels, roman candles, little rockets and flower pots, that so often dudded, posed no more burn hazard than the kitchen stove or a tea kettle.

That an occasional kid tried to make a cannon out of a length of gas pipe and got into trouble didn't put the kibosh on our greatest day of summer and leave us flat. The import of the day, its source and glory became a part of us—because we participated.

—:—

WHEN I SAW our kids, trying to celebrate The Fourth with flags and sparklers, I felt so sorry for them that I was tempted to loan them my shotgun. Huskies who scale the cliffs like squirrels, spend hours on the lake bottom as frogmen, compete on rough seas in sailboat races, swish powerful outboards around the lake like toys and earn five bucks a day picking berries, still couldn't buy a gadget to celebrate that made more noise than the spank of their bellies under their springboard.

—:—

GIVE 'EM BACK something to rescue the Fourth of July from the state of boredom — something that'll make noise, and lots of it.

And let the old codgers who can't take it hie themselves to their storm cellars; there to celebrate in gloom and solitude the day that they once made equally "miserable" for the elders of their time.

Somehow, let's give The Fourth back to the kids—and reap a harvest of patriots. God knows, we'll need 'em.

Daily Bible Thought

"The woman was very beautiful to look upon." — 11 Samuel 11:2. David was a hero in battle and at first a great poet and singer, but he failed miserably when given limitless power and great wealth. May be God would give more of us prosperity and power if He did not know we would misuse it.

The Once Over

By H. I. Phillips

Art and the Races

A New York artist, whose work has been exhibited at some of the best museums, is a horse player, according to newspaper reports and says, "The great attraction of racing is in its scholarly aspects." One must be a student to play them with any success, and he says longshot pickers should not be ridiculed, since almost every great artist in history was at least a 50-to-1 shot at one time or another. We agree, more or less. Certainly picking horses is a work of art . . and picking winners calls for genius.

An artist must have a feeling for beauty, and a skinner coming down at a price is certainly beautiful. He must know something about form. And he must have patience.

We like to picture a horse-playing artist's routine. He gets into his smock, arranges his paints, puts his canvas on the easel and turns to the racing entries' . . From studio to paddock, from the Academy of Arts to Jamaica, from Corn to Arcaro, from Sargent to Atkinson in the twinkling of an eye!

His mind turns to ideas for great masterpieces such as "Nymphs and Daily Doubles," "Hunch By a Waterpool," "Whistler's Mother at the Mutuel Window," "Sunset Over a Wrong Steer," "Across the Board with Picasso," "Bacchus With Weight Off," "Portrait of a Woman Tearing Up a $2 Ticket," "Hunting Scene" (a study of people picking up discarded mutuel coupons), and "Study of a Man Overboard."

He thinks perhaps of an Audubon "Pink Flamingoes From Clubhouse Mezzanine" and a Winslow Homer "Yachts at Gulfstream Park." (We can fancy him doing a painting of a Stevens race track restaurant, portraying the mood of people trying to study the bill of fare and the form-sheet at the same time.)

We once tried our hand at art, playing the races at the same time. Our work in both fields was marked by "scratches." Our colors ran faster than our ponies. And on our only big assignment, the painting of a lovely lady's portrait, we got all mixed-up and put the figure "$2" where an eye should have been.

Rocky Graziano is being considered for a part in a Broadway musical . . . How about Hurricane Jackson in a special drama "The Hurricane Mutiny?"

Supreme Court Justice Bill Douglas, in Darwin, Australia, reports he has lived a week on aborigines' food consisting largely of scrambled turtle eggs, stuffed kangaroo and roast flying fox. He says it is fine, but nevertheless we are betting that he will render a verdict for the first American restaurant man sued on a claim the food wasn't good. We are for recalling Justice Douglas and getting him off this diet. No jurist full of turtle eggs, kangaroo cutlets and flying fox chops can be very dependable on the high bench.

A bear which grabbed a teen-age boy released him and ran when punched in the nose by the lad. . .Those bears read the papers.

The members of that prison baseball team who chased a long fly and didn't return have been recaptured. They claim they forgot their sunglasses and couldn't locate the ball.

The American system has produced the man who drives his own de luxe eight-cylinder sedan to the boss' office to protest against his low wages.

Comment on current education: "He's so ignorant you would think he had gone all through the grammar schools."

"Initiative Petition on Ohio Unemployment Compensation"

In the next few days and weeks, you probably will be asked to sign a petition to change the unemployment compensation law in Ohio.

The petitions are being circulated by the Congress of Industrial Organizations (CIO) which believes that the present law is totally inadequate to provide for human needs.

"During this period of substantial unemployment or any period of joblessness," the CIO states, "unemployment benefits must be high enough to prevent undue and inhumane suffering by workers and families."

The CIO points out that its campaign to "humanize and liberalize" the present law is not purely an idea of Organized Labor or the Democratic party.

"President Eisenhower, his Secretary of Labor and Under Secretary of Labor have urged the states on several occasions this year to increase unemployment benefits," James P. Griffin, 218 E. State St., Columbus, O., President of the Ohio CIO Council, points out.

The CIO seeks to emend the present law in four basic respects:

1. Increase weekly benefit maximum to $50. (Present maximum is $30.)
2. Increase dependency allowances to $3 per dependent, not to exceed three dependents. (Present dependency allowance is $2.50 a week for no more than two children.)
3. Increase period to which workers are entitled to compensation to 39 weeks. (Present maximum is 26 weeks.)
4. Eliminate willful and unfair appeals by employers. (Would impose penalty on employers for heedless and cruel appeals and would give wronged workers additional compensation.)

The CIO decided to launch the initiative petition campaign "as the only way open to us to obtain economic and social justice from the State Legislature," Mr. Griffin explained.

"We have tried unsuccessfully for years to persuade the State Legislature to modernize the law," he added. "We simply decided that if the job was to be done, we would have to do it ourselves."

Mr. Griffin pointed out that the Ohio law has been getting worse instead of better.

In 1939, the first year benefits were paid under the law, the maximum weekly benefit was equal to 54.8 per cent of the weekly wage, Mr. Griffin said.

"Now the weekly maximum is equal to only 40 per cent of the average wage paid production workers in Ohio," he asserted. "This means that the jobless worker and his family today must take a 60 per cent cut in their standard of living. That's inhumane!"

Mr. Griffin asked the cooperation of Marion Star readers and residents of Marion and Marion County in the CIO initiative petition campaign.

"This is a chance to help your neighbor and your community," Mr. James Griffin said. "Adequate benefits help sustain the economy, not only of the community, but of the entire state and country. When the workers suffer, the corner baker and butcher also suffer. Let's all join the crusade to humanize and liberalize the unemployment compensation law."

WALL-TO-WALL CARPETING
does make a difference!

Definitely there is nothing that can equal wall-to-wall carpeting for adding that note of "completeness" to your home. Rooms that seem to "lack something" take on a new depth and beauty with a Lennon wall-to-wall carpet installation.

The reason is evident. Quality carpeting plus expert installation by carpet mechanics with years of experience. And Lennon's does the job in the proper manner. No ugly, bulging edges along the wall—no tack heads showing—no puckers and ripples to spoil the effect. Carpets look like they have been poured into the room.

You good folks who have been waiting—bring your carpet problems to Lennon's. Our selection of patterns, weaves and colors was never larger, and of course you save money on Lennon's lower prices.

MR. AND MRS. HERMAN CULL of 411 E. Mark St. are announcing the engagement and approaching marriage of their daughter, Evelyn Louise, and George P. Winkler. He is the son of Mr. and Mrs. George Winkler of near Dalton, O.

Miss Cull and her fiance have chosen Sunday, Aug. 22, for their wedding which will take place at 2:30 p.m. in the First Church of God with Rev. Fred D. Morgan, the pastor, officiating. The custom of open church will be observed.

Graduated from Harding High School in 1952, the bride-elect has been a student at Anderson College, at Anderson, Ind., and previously she attended Bliss College in Columbus for a semester. Her fiance is a graduate of Dalton High School and has been a student at Anderson College. He will resume his studies at Wooster College, Wooster, O., in September.

—:—

Mrs. Betty Mullins, who is leaving soon to make her home in Detroit, was an honor guest when Mrs. Mildred Thome entertained Friday afternoon at her home, 607 Oak St. Guests were members of Kerrey's Jewelry bowling team of which Mrs. Mullins was a member and the hostess captain. The afternoon was spent socially and in the evening the group had dinner at the Shangri-La Restaurant. Present were Mrs. Mullins, Mrs. Thome, Mrs. Helen Culp, Mrs. Zoe Demilt and Mrs. Chole Applegett.

—:—

Members of the Cro-em-tak Club held an exchange of miniature cups and saucers when they met Thursday afternoon with Mrs. Philip Hall 650 Uncapher Ave. For roll call they gave the nicknames of states. The hostess was presented a gift in remembrance of her birthday anniversary. Plans were made for a dinner Sept. 9. Prizes for the afternoon went to Mrs. Forest Hayman and Mrs. Omer Williams. Mrs. Hayman will be hostess for a meeting in two weeks in her home on Uncapher Ave.

Lodge Activities

Harmony Circle Past Councilors of Paramount Council No. 37, Daughters of America, held its annual picnic Monday evening. A guest was Mrs. Sara Clark of Columbus.

Following dinner, Mrs. Blanche Hartpence presided for the business session. Awards went to Mrs. Rose Seiter, Mrs. Hartpence and Mrs. Ida Sinden.

The next meeting will be with Mrs. Gertrude Miller.

Pinball Machines Used In Studies of Animals

SAN FRANCISCO (UP) — A pinball machine enables University of California zoologists to study the life and death struggles of animals.

Dr. Oliver Payne Pearson, assistant professor of zoology at the university, built the device—without flashing lights—to determine the chances of survival of animals such as a single pair of mice and their ability to restore a mouse population wiped out by flood.

In his device, steel balls, representing animals, roll down a grade where they bump into small pegs and into each other. Collisions sometimes send animals into holes where they will "die," while the survivors proceed downward toward a metal "mating" strip.

As soon as the ball crosses the strip, electrical impulses release the board, and the cycle begins all over again. The 8x2-foot machine is used in determining the "reproduction mortality" cycles for an animal population.

The United States has 51 million telephones or one for every three people.

Church Activities

Mrs. Richard Dennis presided for the business meeting of the Gleaners Circle when the July meeting was held on Tuesday night at the home of Mrs. Robert Cook. The group voted to start a friendship basket among the members to raise money for the general fund.

"The Sheep of His Hand" was the theme of the worship service led by Mrs. J. Lewis Hafer, during which there was group singing. Mrs. George Dietsch was in charge of the program topic and reviewed an article from the Readers Digest, "Stay on Stranger."

Mrs. Jack Davis assisted the hostess in serving during the social hour which followed.

JET HELP

TOKYO (INS) — Modern American manufacturing techniques are helping Japan move back into the big leagues of world jet aircraft production. Lockheed Aircraft Company technicians and U. S. Air Force jet advisors are working alongside Japanese engineers in the recently rebuilt and re-equipped Kawasaki Aircraft Company plant near Gifu to aid the nation get into almost full-scale jet production by the end of the year.

Project Plans Furthered By Art Group

Plans of the art department of the Marion County Federation of Women's Clubs were furthered when the group met for a picnic Thursday at the Women's Club Home. Mrs. Doxie Crawmer Bentz, in an informal talk, discussed the future of the group through the medium of painting, ceramics, early American decoration, copper, leather and Christmas decorations. Mrs. Bentz, who will conduct one of the series of classes in oil painting, sketched and water-colored a theme on the home grounds to illustrate her talk.

Mrs. Howard D. Buck, who will instruct a class in ceramics, displayed an interesting bit of her work and also gave a talk. A picture of the caretakers' residence on the grounds was sketched and colored by Mrs. Robert Edwards vice chairman of the department, and in her talk she told of the fascination of colors through combinations and hues.

Mrs. Henry A. Mickley, president of the Federation, and Mrs. Ralph E. Epley, first vice president, and dean of departments, expressed their appreciation of the interest shown in the new department by the instructors and members of the class.

Information regarding the classes may be obtained through Miss Elizabeth Ammann, chairman, or Mrs. Epley, and those wishing to join may enroll by calling Mrs. Robert Maginn, 2-5090.

Monday, Sept. 13, was set as a tentative date for the next meeting which will be a silver tea at the club home.

Pharmacist Serves As Sleuth, Healer

NEWARK, N.Y. — (UP)—Your corner druggist is a trained sleuth who daily translates the hen scratches on prescriptions into health-restoring medicine.

From a doctor's hastily scribbled message, a druggist also can determine a woman's age, a man's character and many other things.

But most important, he can specific medication to do a spequickly and accurately follow through on a physician's call for cific job.

It is a special talent the druggist develops by boning up on hard-to-read prescriptions in textbooks, journals and actual photographs. A course in prescription reading is part of the training given students of the Rutgers University College of Pharmacy here.

College Dean Roy A. Bowers pointed out that the young pharmacist is trained in the school prescription laboratory and in other course work involving Latin-named chemicals and trade-name pharmaceuticals.

Special seminars are given periodically by the university, he said, in which prominent pharmacists spell out latest developments in the field. The student must read certain literature keeping him up to date on how each drug affects the body physiology.

Then there is a one-year internship under an experienced pharmacist. After that, qualified applicants are licensed by the state board of pharmacy.

SODA POP

PHILADELPHIA (INS)—Research by the makers of Tap-a-Cola reveals that an early 19th century experimenter named Speakman was the "Father" of the nation's soft drink industry. In 1807, Speakman added fruit juice to carbonated water and created the forerunner of today's two-billion-dollar annual business in "pop."

Hats Will Be Hats Once More This Fall

GIRLS WHO HAVE been getting by with a wisp of veil, a scrap of ribbon or no hat at all are in for a shock this fall, for hats are going to be hats once more.

Here are two important examples of the new "more hat" look for fall, pointed up by bold accessories.

Left: Egyptian silhouette in a Nubian cap of leopard, with matching leopard collar and king-size handbag.

Right: "Scaramouche" beret in black velvet and white mink, with matching white mink choker tied with a big black taffeta bow. Both are designed by Sally Victor.

Current advance showings by New York's top custom milliners indicate that hats are going to be about the most important part of the costume, come Labor Day. They're big, beautiful and dramatic. They cover the head, lend a new look to the costume, and team up with some of the most striking accessories to come along in many moons.

The deep - crowned cloche, reminiscent of flapper days, is seen again and again in trend collections. So are the big, casual beret and the slouch-brim felt hat that can be pulled rakishly down over one eye, in the best Garbo manner.

There's an Egyptian motif running like a thread through the new hat styles, also, following the recent archeological discoveries in Egypt and the sudden enthusiasm of Hollywood for all things Egyptian. This is evidenced in small, close-fitting helmet-type hats that cover the ears, are cut up in front to reveal the forehead, Cleopatra style.

Fur hats—of leopard, mink and broadtail—strike a lush note in the lineup, and often are teamed with dramatic fur bags, capes or small chocker collars.

Experts See No Single Cure For Problem of Delinquency

WASHINGTON — (UP) — Juvenile delinquency is a many-sided problem, and there is no single cure-all for it. But much can be done to check it.

That was the general conclusion of some 460 experts at a recent national conference on the subject.

According to the experts, time and money, too—but most of all teamwork and understanding—are needed to solve the problem. As Dr. Martha Eliot, chief of the Children's Bureau said, "It takes prolonged effort to combat delinquency."

The problem starts with the fact that no one knows just how many really delinquent youngsters there are in the country. Reports to the bureau showed slightly more than 1,000,000 delinquents last year. That is roughly 2 per cent of the nation's children under 18.

But reports from some cities lump a child who rides his bicycle on the sidewalk or commits some other minor offense in the delinquent column along with young burglars or killers.

Even so, the figures show a startling increase in the number of delinquency cases serious enough to reach juvenile or other courts. Last year a record high of 45,000 youngsters were taken into court, 45 to 50 per cent more than in 1948. In the same 1948-53 period, the nation's population of 10-to-18-year-olds increased only seven per cent.

The seriousness of some juvenile crimes was brought out in a Federal Bureau of Investigation report on arrests across the nation last year. They showed that youths of 18 and under committed 54 per cent of the auto thefts, 49 per cent of burglaries, 16 per cent of rapes, 5 per cent of assaults and 4 per cent of homicides.

Against this background of the juvenile delinquency problem, judges, police officials, welfare workers, educators, PTA, religious and civic leaders spent three days discussing what can be done about it.

Better schools, better trained police, more parent education, more community services for families and better institutions for young delinquents were some of the answers suggested.

There was some suggestion that adults need help, too, to readjust to rapid social change. Parents need education on their responsibility for their children, but they also need reassurance to avoid worry, one group said.

Another emphasized that there should be no "double standard" of conduct for children and adults. As an example, it said, adults shouldn't expect children not to cheat if they try to get by with it themselves.

The experts agreed that there is no single cause for juvenile delinquency and the solution, therefore, is a job for everyone.

STRAW BEDDING

NEW YORK (INS)—Dairy herd managers at the University of Missouri eased the problem of bedding shortage by chopping baled rye straw. Successful Farming magazine reports that the chopper blew the bedding directly into the loafing area. It was right near the barn, and they found that rye straw makes good bedding when it is run through the chopper!

Auto Mishaps Injure Three Over Weekend

Police Investigate 9 Accidents in City; 6 Listed by Patrolmen

Three persons were injured in two of 15 accidents reported in Marion County over the weekend by law officials. Two persons were hurt in one of six accidents reported by state patrolmen from the Marion post, while another person was hurt slightly in one of nine accidents investigated by city police. Four of the nine city accidents involved damage of less than $100.

A truck driver and a woman passenger were hurt in an accident at 4:30 a.m. Sunday morning on State Route 4, three and one-half miles south of the Marion city limits.

Marionite Injured

Injured were Grady H. Gilbreath, 27, of Dearborn, Mich. and Loretta J. Kimble of 199 Elk Ave. Patrolmen say Gilbreath apparently fell asleep at the wheel and struck a bridge. The couple was taken to Marion City Hospital by a passing motorist.

Gilbreath received a cut left ankle and deep cut of the left arm. He is in good condition in the hospital. The woman suffered a lacerated chin. She was treated and released.

In other accidents reported by the patrol, cars driven by Gerald Clark, 23, of near Upper Sandusky and Dewey Simpkins, 23, of Richwood were damaged in a collision at the intersection of U. S. Route 23 and Copeland Ave., just north of the city limits. Simpkins was arrested and ordered to appear in Municipal Court for failing to yield the right of way. The accident happened at 9:25 Saturday night.

At 6:45 p.m. Saturday, a car driven by Clarence E. Smith, 30, of Columbus went off the road on Route 98, just south of the Crawford County line, broke a telephone pole, and tore down 20 feet of fence. The pole was owned by the Ohio Central Telephone Co. of Mount Gilead while the fence belonged to Betty Jerew of near Marion.

A hit-skip accident was reported Saturday at 4 p.m. on County Road 136 by Luther Smith, 50, of near Marion who told patrolmen his truck was struck by a passing auto.

Struck From Rear

At 12:25 a.m. Sunday, a car driven by Bruce McLain of 380½ Silver St. was struck in the rear when McLain stopped at the railroad tracks just north of Marion on Route 23. Driver of the other car was T. E. Sonnanstine, 34, of near Marion who was cited to appear in court to answer a charge of failing to stop within the assured clear distance.

Another accident at the same tracks resulted in another arrest. A car driven by Max E. Brewer, 16, of near Morral was stopped for a train at 10:40 p.m. Sunday and was struck by a car driven by Charles D. Hartley, 18, of 424 Lee St. Hartley was cited to appear in court, also on a charge of failure to stop within the assured clear distance.

In accidents reported by police, Mrs. Arthur Blair of 156 Jefferson St. suffered an arm injury when the car driven by her husband was struck in the rear by an auto driven by Wesley T. Minnick of 414 E. Fairground St. on E. Center St. in front of the courthouse at 4 p.m. Saturday.

A pick-up truck driven by Otha L. Warren, 31, of 1076 Bennett St. and a car driven by Robert L. Chafin, 23, of 279 Rose Ave. were damaged when police reported Chafin cut too close while trying to enter a drive at the corner of Columbia and S. Main Sts. at 7:26 p.m. Saturday.

A man was arrested and charged with two offenses following an accident Saturday at 4:32 p.m. at the alley at 364 N. State St. Burdell Aldrich, 46, of 1203 Bryant St. was charged with intoxication and with leaving the scene of an accident after his truck hit a fence and tore up the yard at 364 N. State St. while trying to turn left into the alley. He was apprehended by police shortly after the accident and is being held in city jail.

Hit-skip Reported

A hit-skip accident resulted in damage to a car owned by Betty M. Lennberg of 1158 E. Center St. and parked in front of 253 S. Main St. She told police her car was damaged Saturday at 5:45 p.m.

A freak accident on W. Church St. resulted when a car parked on a rise rolled downhill and struck a truck parked at 324 W Church St.

Owner of the car was identified by police as Ivan Cooper of near LaRue, while the truck's owner was listed as E. W. Elliot of 318 W. Church St.

Stuffed Peppers, Vegetables Make Hearty Meal

Lebanon bologna, of Pennsylvania Dutch origin, is made of highly flavored beef. It can be kept for some time without losing its taste or freshness.

If you want to offer your family a new taste treat, try a meal of Lebanon bologna stuffed peppers.

Use: 6 green peppers, 3 cups bologna, cubed (slightly over 1 pound) ½ cup bread crumbs, 2 tablespoons chopped onion, 1 teaspoon salt, ¼ teaspoon pepper, 2 tablespoons chopped parsley, 1 teaspoon Worcestershire sauce.

Wash peppers, remove tops and seeds. Cook peppers in boiling water 5 minutes. Drain. Combine remaining ingredients and stuff pepper cases with mixture. Dot peppers with butter and sprinkle with paprika. Place in shallow baking dish cover bottom of dish with hot water. Bake in a moderate oven (350 deg. F) 30 minutes. Serve buttered fresh or frozen lima beans with peppers.

Volume May Help Restore Old Ships

BUFFALO, N. Y. (UP)—A former shipbuilder has a 170-year-old book containing data he thinks could be used for restoring the famous warship Constellation, now rotting away in a Massachusetts shipyard.

The book contains specifications for warships of the Constellation-Constitution class. The Constitution, the "Old Ironsides" of 1812, has been restored, but her sister ship, which shot her way to fame against French privateers in the late 18th century, is little more than a shabby hulk at Charleston, Mass.

The owner of the book, Albert E. Alder, has checked the data with the superstructure of the Constitution and has found that they agree. The 52-year-old former Rhode Island shipbuilder deduces that the missing above-decks of the Constellation could be replaced authentically from figures in his book, should public or governmental sentiment support a restoration.

Once the possession of the builder of the Constitution, the ancient, yellowed book was found among old nautical instruments when Alder and his father bought the Warren Boat Yard at Warren, R. I. in 1932. It is entitled "The Ship Builder's Assistant, or, Marine Architecture." It was written by William Sutherland and published in London in 1784.

Onthe flyleaf in quill script is the inscription: "Given by George Claghorn, Constructor of the Frigate Constitution, to Ephriam Covell."

Blowout Causes Crash

An automobile driven by Charles R. Sharp, 16, of 217 Superior St., went into a ditch on Marion County Road 107 early Saturday morning. The youth told the sheriff's office that a tire blew out as he was going around a curve, causing him to lose control of the vehicle. The accident occurred at 1:45 a.m.

Accident Cause

DETROIT (UP) — John Vogel, 53, a bus driver for 25 years, says that "tail-gating" is one of the chief causes of traffic accidents.

"I've seen hundreds of accidents," he said. "By far the most of them are caused by tail-gaiting —driving too close to the car in front."

He said a motorist driving 35 miles an hour should allow at least 100 feet between his car and an automobile in front of him.

Retail Sales Decline, OSU Bureau Reports

COLUMBUS, Ohio (AP)—Ohio State University's bureau of business research reported today retail sales in the state were down two per cent for the first half of 1954 compared to the same period in 1953.

In June this year, total retail sales were one per cent lower than in June 1953, the bureau reported, adding that only seven of the 19 lines of business in Ohio were up to the dollar sales level of the previous June.

An estimated 50 per cent of women living in metropolitan areas suffer to some extent from anemia, one authority on vitamins estimates.

California Realtors Encounter Trouble

SACRAMENTO, Calif. — (UP) —The California State Division of Real Estate has warned real estate brokers of how fast-moving, quick-witted sellers and buyers are avoiding payment of brokers' commissions.

The division said the courts seem to be filled with cases where brokers have sued for commissioners after they have been by-passed by buyers and sellers.

In most cases, a seller contacts a broker and gets the name of a prospective buyer before signing the broker's listings. He then consummates the sale directly with a buyer, completely ignoring the broker and his commission.

Under California law, brokers are entitled to commissions only after the seller has signed a listing and is supplied with a buyer.

Another method used to avoid the commission was revealed in a Los Angeles County superior court ruling that a broker must follow through on a sale to get his commission.

The case involved a prospective buyer who was shown property by a broker. The buyer said he didn't want the property. A month later the buyer dealt directly with the seller of the property and purchased it at a reduction in price equivalent to the broker's commission.

The court ruled the broker should have kept after the buyer in order to get his commission.

HOOKED!

NEW HAVEN, Conn. —(UP)— Burglars literally used a "new twist" to get at two bags of coins containing $900 at the Savin Rock Arcade. They drilled a hole in the floor from beneath and "twisted" a piece of wire through, hooking the bags and pulling them through.

WHY BLUE CROSS IS BEST BUY
You receive Blue Cross benefits in hospital services — not some cash to apply towards paying your hospital bill. And hospital services come high these days . . . usually, more than any allowable cash payments.
Blue Cross pays the 16 most costly services without any reservations—whatever the cost—and includes full coverages of room and board in semi-private rooms.
More than 46 million persons in the United States — or every fourth person — are subscribers. Blue Cross is the hospitals' own plan and you get the best service any hospital can furnish It is the most LIBERAL plan available.
Should you change employment you may continue your Blue Cross benefits by special arrangement.
